- 1991 - 1993 Nations Bank Board Member
- 1990 - 1991 Honorary Co-Chairman for Urban League Annual Dinner, March 19, 1991
- 1989 - Pres. Boy Scouts of America, Executive Board Member
- 1989 - 1998 Rotary Club
- 1988 - 1996 Norfolk State University, Board of Visitors Member (Chairman, Academic and Administrative Affairs Committee)
- 1988 - 1993 Virginia Symphony, Executive Board Member
- 1987 - 1995 Board of Directors, Virginia Tissue Bank (Life Net)

Professional Societies / Associations:

- Alpha Omega Alpha Honor Society
- American Association for the Surgery of Trauma (past Recorder; past Vice President; President-elect; President, past President)
- American Board of Surgery (Director)
- American Burn Association
- American College of Critical Care Medicine (FCCM)

American College of Surgeons (FACS) (past Chair, Board of Regents; President-elect; President, past-President)
American Medical Association
American Public Health Association
American Surgical Association (past President)
American Trauma Society
Association for Academic Surgery
Association for Surgical Education
Association of Governing Boards of Universities and Colleges
Central Judiciary Committee, American College of Surgeons (past Chairman)
Chicago Surgical Society (Honorary Member)
Claude H. Organ, Jr., Surgical Society, Charter Member
Eastern Association for the Surgery of Trauma
Eastern Surgical Society
Golden Key National Honor Society
Halsted Society (past-President)
International Surgical Group
International Society for Burn Injuries
James IV Association of Surgeons
National Medical Association, (past President - Surgical Section)
Norfolk Academy of Medicine
Pan American Trauma Society, Board of Managers
Royal Society of Medicine, England
Sigma Xi, the Scientific Research Society
Shock Society
Société Internationale de Chirurgie
Society of American Gastrointestinal Endoscopic Surgeons
Society of Black Academic Surgeons (past-President -1999-2000; Exec. Director-2004 to present)
Society of Critical Care Medicine, Fellow
Society of Surgical Chairmen (past President)
Society of University Surgeons
Southern Surgical Association (past-Secretary; past-President)
Southeastern Surgical Congress (President; 2007-2008, Councilor-at-Large – 2002-2004)
Southeastern Surgical Congress (Honorary Member)
State Emergency Medical Services Advisory Board
Surgical Biology Club III
Surgical Infection Society (Program Committee 2000-2003)
Virginia Surgical Society
Warren H. Cole Surgical Society

New England Journal of Medicine

Guest Editor:
Emergency Care Quarterly

Research Grants – Pending Funding:

Miniaturization of the Bacterial Membrane in vivo: The Role of Vesicles-Bound LSP in Sepsis
R15 Grant Submitted to NIGMS
 Role on Project: **Co-Principal Investigator**
Total Costs: \$410, 490

Mentoring a Minority Academic Medical Specialty Society
RO1 Grant Submitted to NIGMS
 Role on Project: **Co-Investigator**
Total Costs: \$1,525,030

Funded Research Grants (Co- investigator):

Atomic force microscopy in sepsis research: a new look at bacterial membrane vesicles	Sponsor: CHRB (Commonwealth Health Research Board) July 2010-July 2012 \$296,842
---	---

Funded Research Grants (Consultant):

Nanoindention to determine turgor pressure in escherichia coli	Sponsor: Multidisciplinary Seed Grant January 2011-July 2011 \$85,135
--	--

Funded Research Grants(Principal Investigator):

Addressing healthcare disparities: Enhancement of the minority physician workforce	Sponsor: Obici Foundation September 2007-August 2009 \$240,000
Effects of hemorrhagic shock on adrenal response in a rat model	Sponsor: Institutional (EVMS) \$25,000/year
The role of conduit vessels in the loss of systemic vascular resistance of skeletal muscle arterioles in septic shock	Sponsor: Institutional Research Award July 1998-August 2000 \$7,609
The effects of calcium blockade on IL-1 β production in LPS stimulated monocytes.	Sponsor: Southern Medical Association July 1998-June 1999 \$2,369
Septic shock: the role of the conduit vessel in the loss of vascular tone in resistant vessels.	Sponsor: Southern Medical Association July 1998 – December 1998 \$2,500
The effects of endotoxemia on skeleton muscle microcirculation.	Sponsor: Jeffress Research Grant January 1995-1996 \$22,589
Study of fluconazole in the prevention of fungal infections in surgical patients at high risk for developing candidiasis	Sponsor: Pfizer Research Grant 1993-1994 \$61,000

Septic shock at the microcirculatory level and the role of triiodothyronine.	Sponsor: Eastern Virginia Graduate School of Medicine Resident Research Award July 1993-June 1994
Effects of levothyroxine on hemodynamic stability and survival in endotoxin treated rats.	Sponsor: LifeNet July 1,1993-1994 \$15,000
The effect of levothyroxine on macrophage function	Sponsor: Eli Lilly Research Grant July 1, 1993 \$3,000
Thyroid hormones and catecholamines: Effects on hemodynamic stability and macrophage production of interleukin-1	Sponsor: Virginia Power May 1992- present \$125,000
Glutathione and human keratinocyte proliferation in vitro.	Sponsor: Children's Health System July 1990-June 1991 \$20,000
Variations in culture media and culture conditions to shorten cultured human keratinocyte graft maturation time.	Sponsor: Children's Health System1989-1991 \$25,000
The role of retinoic acid, vitamin E, and calcium as human keratinocyte proliferation <u>in vitro</u> .	Sponsor: Wards Corner Lions Club 1987 \$25,000
Thiols and human keratinocyte proliferation and plating efficiency.	Sponsor: Eastern Virginia Graduate School of Medicine Resident Research Grant Competition 1982-1988 \$4,400
The use of allogeneic cultured keratinocytes on venous stasis ulcers and chronic arterial ischemic ulcers.	Sponsor: Eastern Virginia Graduate School of Medicine Resident Research Grant Competition 1982-1988 \$1,666

Visiting Professorships:

1. June 2013 Augustus McCravey Visiting Professor, UT College of Medicine, Chattanooga, Chattanooga, TN
2. June 2013 Harwell Wilson Visiting Professor, University of Tennessee, Memphis, TN
3. May 2013 Research Day Professor, Virginia Commonwealth University School of Medicine, Richmond, Virginia
4. March 2013 Prothro Visiting Professor, Baylor University Medical Center, Dallas, Texas
5. May 2012 Surgeon-in-Chief Pro Tempore, Brown University, Providence, Rhode Island
6. May 2012 Hiatt Lectureship, Cedars-Sinai Medical Center, Los Angeles, California
7. April 2012 Visiting Professor, Columbia University, New York City, New York
8. April 2012 Evarts A. Graham Visiting Professor, Washington University, St. Louis, Missouri
9. February 2012 Rayford Scott Jones Memorial Lectureship, University of Virginia, Charlottesville, Virginia
10. February 2012 Helen Shed Keith Visiting Professor, Rush University, Chicago, Illinois
11. November 2011 Visiting Professor, Wayne State Surgical Society, Detroit, Michigan
12. May 2011 Visiting Professor, American British Cowdray Hospital, Mexico City, Mexico
13. April 2011 Ferguson Visiting Professorship, Emory University, Atlanta, Georgia
14. February 2011 Waltman Walters Visiting Professorship, Mayo Clinic Hospital, Scottsdale, Arizona
15. February 2011 H. James Fox Lectureship, Denver, Colorado
16. January 2011 University of Toledo Visiting Professorship, Toledo, Ohio

17. December 2010 Harvard Medical School Visiting Professorship, Boston Massachusetts
18. December 2010 Massachusetts General Hospital Visiting Professorship, Boston, Massachusetts
19. November 2010 Vezina-Couture Visiting Professorship, Laval University, Quebec, Canada
20. September 2010 Allegheny General Hospital Visiting Professor, Pittsburgh, Pennsylvania
21. September 2010 Robert Zeppa Memorial Lectureship, Jackson Memorial Center, Miami Florida
22. June 2010 Ashmore Lectureship, Greenville Hospital System University Medical Center, Greenville, South Carolina
23. May 2010 Neil Lempert Lecturer, Albany Medical Center, Albany, New York
24. May 2010 Richard P. Zimmerman, MD Lectureship, Thomas Heiling Memorial Medical Center, Johnstown, Pennsylvania
25. April 2010 The Alpha Omega Alpha Visiting Professorship, University of Tennessee, Memphis, Tennessee
26. March 2010 Michael DeBakey Visiting Professorship, Baylor University, Houston, Texas
27. March 2010 Distinguished Visiting Professor, University of Texas, San Antonio, Texas
28. March 2010 Mayo Visiting Professor, Northwestern University, Chicago, Illinois
29. March 2010 The Alpha Omega Alpha Visiting Professorship, Upstate Medical College of New York, Syracuse, New York
30. March 2010 Case Western Reserve University School of Medicine , Cleveland, Ohio
31. February 2010 Hunter-Sweaney Visiting Professorship. Chapel Hill, North Carolina
32. September 2009 University of Arizona Visiting Professorship, Tucson, Arizona
33. August 2009 Skinner Memorial Lectureship, University of Chicago, Chicago, Illinois
34. July 2009 Memorial Hospital and Joe DiMaggio Children's Hospital, Hollywood, Florida
35. May 2009 Francis D. Moore Visiting Professorship, Brigham and Women's Hospital, Boston, Massachusetts
36. May 2009 Sam Gross Visiting Professorship, University to Louisville, Louisville, Kentucky
37. May 2009 The Alpha Omega Alpha Visiting Professorship, Howard University, Washington, DC
38. May 2009 Alton Ochsner Visiting Professor Ochsner Medical Center, New Orleans, Louisiana
39. April 2009 Frank C. Spencer Visiting Professorship, Bellevue Hospital, New York, New York
40. April 2009 New York Methodist Visiting Professorship, New York, New York
41. March 2009 The Alpha Omega Alpha Visiting Professorship, University of South Carolina, Columbia, South Carolina
42. March 2009 Yvedt Matory Visiting Professorship, Yale University, New Haven, Connecticut
43. February 2009 New York Hospital, Queens, New York
44. January 2009 Folkert O. Belzer Visiting Professorship, University of Wisconsin, Madison, Wisconsin
45. January 2009 David Seegal Alpha Omega Alpha Visiting Professorship, Columbia University, New York, New York
46. December 2008 Alton Ochsner Visiting Professorship, Tulane University, New Orleans, Louisiana
47. October 2008 University of California San Francisco – East Bay, San Francisco, California
48. September 2008 Methodist Hospital, Houston, Texas
49. August 2008 Kansas City University Medical Center, Kansas City, Missouri
50. June 2008 E. Starr Judd Visiting Professorship, University of Minnesota, Minneapolis, Minnesota
51. May 2008 H. Brownell Wheeler Visiting Professorship, University of Massachusetts Medical School, Boston, Massachusetts
52. May 2008 Research and Resident Day Visiting Professor, Carillion Health System, Roanoke, Virginia
53. May 2008 The Stahler-Rex Visiting Professorship, Lehigh Valley Hospital, Allentown, Pennsylvania
54. May 2008 James A. DeWeese Visiting Professorship, University of Rochester, Rochester, New York
55. April 2008 Mark Tsvok Visiting Professorship, University of Connecticut, Hartford, Connecticut
56. April 2008 Georgetown University, Washington, District of Columbia
57. April 2008 Anna Julio Visiting Professorship, M.I.E.M.S. and the University of Maryland, Baltimore, Maryland
58. February 2008 Distinguished Visiting Surgeon in the Combat Trauma Program, Landstuhl, Germany
59. December 2007 Cleveland Clinic, Cleveland, Ohio
60. October 2007 Folsie-Birtch Visiting Professorship, Southern Illinois University, Springfield, Illinois
61. October 2007 University of California at Los Angeles, Los Angeles, California

62. June 2007 Upstate Medical University, Syracuse, New York
63. May 2007 University Hospitals Case Medical Center, Cleveland, Ohio
64. May 2007 The Muller-Jones Society Visiting Professorship, University of Virginia, Charlottesville, Virginia
65. April 2007 The John H. Trescher Visiting Professorship, The Pennsylvania State University College of Medicine, The Milton S. Hershey Medical Center, Hershey, Pennsylvania
66. April 2007 Scott & White Hospital, Temple, Texas
67. April 2007 The Alpha Omega Alpha Visiting Professorship, Penn State College of Medicine, Eta Chapter of Pennsylvania, Hershey, Pennsylvania
68. February 2007 University of Miami, Miami, Florida
69. December 2006 13th Annual Charles Wolferth, MD, Visiting Professorship, Philadelphia Annual Day of Trauma, Philadelphia, Pennsylvania
70. November 2006 15th William J. Fouty, MD, Visiting Professorship, Washington Hospital Center, Washington, District of Columbia
71. July 2006 Lloyd M. Nyhus Visiting Professorship, Metropolitan Group Hospital/UIC Residency Program, Chicago, Illinois
72. June 2006 Carroll Long Visiting Professorship, East Tennessee State University, Johnson City, Tennessee
73. May 2006 University of the Witwatersrand, Johannesburg, South Africa
74. May 2006 New York University School of Medicine, New York, New York
75. May 2006 33rd Annual Preston Wade Visiting Professor Lectureship, Weill Medical College of Cornell University, New York, New York
76. April 2006 University of Pennsylvania Medical Center, Philadelphia, Pennsylvania
77. April 2006 11th Annual Puestow-Freeark Visiting Professor, Loyola University Medical Center, Maywood, IL
78. March 2006 The University of Kansas Medical School, Kansas City, Kansas
79. January 2006 Johns Hopkins School of Medicine, Baltimore, Maryland
80. January 2006 The Cooper Health System, Camden, New Jersey
81. January 2006 University of Iowa Carter College of Medicine, Iowa City, Iowa, 2006 Distinguished Visitor
82. October 2005 Southwestern Medical Center, Dallas, Texas, William D. Seybold, M.D. Visiting Professorship
83. October 2005 Oregon Health & Science University, Portland, Oregon
84. June 2005 George Washington University Hospital, Washington, District of Columbia
85. June 2005 Hennepin County Medical Center, Minneapolis, Minneapolis, Hitchcock Visiting Professorship
86. May 2005 Ohio State University, Columbus, Ohio, Robert Zollinger Visiting Professorship
87. May 2005 University of Tennessee, Memphis, Tennessee
88. May 2005 Beth Israel Deaconess Medical Center, Harvard Medical School, Boston, Massachusetts, Capper-Hermanson Visiting Professorship
89. May 2005 Mount Sinai School of Medicine, New York, New York, Ben F. Bryer Visiting Professorship
90. April 2005 St. Joseph Mercy Health System, Ann Arbor, Michigan, James W. Winkler Visiting Professorship
91. April 2005 St. Agnes, Medical Center, Baltimore, Maryland, The 33rd George A. Stewart Memorial Visiting Professorship
92. March 2005 University of South Alabama, Mobile, Alabama, Emmett B. Frazer, M.D. Memorial Lectureship
93. March 2005 Brigham and Women's Hospital, Harvard Medical School, Boston, Massachusetts
94. February 2005 Louisiana State University Health Sciences Center, New Orleans, Louisiana
95. February 2005 University of Kentucky, Lexington, Kentucky
96. January 2005 Columbia University, New York, New York
97. January 2005 Bay State Medical Center, Springfield, Massachusetts
98. January 2005 Stanford University, Stanford, California
99. November 2004 University of Pittsburgh, Pittsburgh, Pennsylvania

100. October 2004 Washington University School of Medicine, St. Louis, Missouri
101. September 2004 The University of Washington, Seattle, Washington
102. August 2004 University of Missouri-Kansas City School of Medicine, Kansas City, Missouri
103. May 2004 Boston University Medical Center, Boston, Massachusetts
104. April 2004 University of Medicine and Dentistry of New Jersey, New Brunswick, New Jersey
105. April 2004 Medical University of South Carolina, Charleston, South Carolina
106. April 2004 University of Miami School of Medicine, Miami, Florida
107. March 2004 Case Western Reserve University, Cleveland, Ohio
108. February 2004 New York Methodist Hospital, Brooklyn, New York
109. January 2004 University of Miami, Miami, Florida
110. December 2003 University of California, San Francisco, San Francisco, California
111. October 2003 Guthrie/Robert Packer Hospital, Sayre, Pennsylvania
112. September 2003 Atlanta Medical Center, Atlanta, Georgia
113. August 2003 Uniformed Services University of the Health Sciences, Bethesda, Maryland
114. April 2003 University of Virginia, Charlottesville, Virginia
115. March 2003 University of Utah, Salt Lake City, Utah
116. March 2003 Howard University Hospital, Washington, District of Columbia
117. January 2003 Sinai Hospital of Baltimore, Baltimore, Maryland
118. January 2003 Philadelphia Academy of Medicine, Philadelphia, Pennsylvania
119. November 2002 Indiana University, Indianapolis, Indiana
120. November 2002 University of Cincinnati, Cincinnati, Ohio
121. November 2002 Carolinas Medical Center, Charlotte, North Carolina
122. November 2002 University of Miami, Miami, Florida
123. November 2002 Memorial Regional Hospital, Hollywood, Florida
124. November 2002 University of Florida, Jacksonville, Florida
125. November 2002 Sacred Heart Hospital, Pensacola, Florida
126. November 2002 University of South Florida, Tampa, Florida
127. June 2002 Duke University Medical Center, Department of Surgery, Durham, North Carolina
128. May 2002 Royal Australasian College of Surgeons (combined with the Royal College of Surgeons of Edinburgh), Annual Scientific Congress
129. May 2002 Wright State University, Dayton, Ohio
130. April 2002 University of Florida, Gainesville, Florida
131. March 2002 University of Medicine & Dentistry of New Jersey, New Brunswick, New Jersey
132. October 2001 Massachusetts General Hospital, Distinguished Richardson Visiting Professorship, Harvard Medical School, Boston, Massachusetts
133. September 2001 University of Mississippi, Jackson, Mississippi
134. August 2001 University of Alabama at Birmingham, Alabama
135. May 2001 University of South Florida, Tampa, Florida
136. May 2001 Lancaster General Hospital, Lancaster, Pennsylvania
137. May 2001 Tulane University Medical Center, New Orleans, Louisiana
138. April 2001 University of Rochester Medical Center, Rochester, New York
139. April 2001 Christiana Care Health System, Newark, Delaware
140. January 2001 Medical College of Virginia at Virginia Commonwealth University, Richmond, VA
141. December 2000 Columbia University, Harlem Hospital Medical Center, New York, New York
142. December 2000 New York Hospital Medical Center of Queens, Flushing, New York
143. November 2000 The University of Tennessee, Chattanooga Unit of the College of Medicine, Chattanooga, Tennessee
144. November 2000 The University of Maryland, School of Medicine, Baltimore, Maryland
145. November 2000 Good Samaritan, Cincinnati, Ohio
146. October 2000 Vanderbilt University, Nashville, Tennessee
147. April 2000 University of Illinois College of Medicine at Peoria, Illinois
148. March 2000 Meharry-Vanderbilt Medical College, Nashville, Tennessee, Hale-McMillan Lecture
149. January 2000 Georgetown University Medical Center, Washington, District of Columbia
150. December 1999 Stony Brook University Hospital and Medical Center, Stony Brook, New York

151. November 1999 Detroit Trauma Symposium, Henry Ford Museum, Dearborn, Michigan
152. February 1999 St. Vincent's Hospital and Medical Center, New York, New York
153. February 1999 Centra Health, Lynchburg, Virginia
154. November 1998 Philippine Centennial International Trauma Forum, Metro Manila
155. November 1998 Edward Mason Lecture, Howard University College of Medicine, Washington, DC
156. August 1998 Carolinas Medical Center, Charlotte, North Carolina
157. April 1998 Morehouse School of Medicine, Atlanta, Georgia, Maynard Lectureship
158. March 1998 University of Maryland Medical Center, Baltimore, Maryland
159. February 1998 East Carolina University School of Medicine, Greenville, North Carolina
160. May 1997 St. Louis University, St. Louis, Missouri
161. May 1997 Harvard Medical School, Boston, Massachusetts
162. March 1997 Brooklyn Hospital Center, Department of Surgery, Brooklyn, New York
163. November 1996 Medical Center of Central Georgia, Department of Surgery, Macon, Georgia
164. October 1996 Good Samaritan Hospital, Department of Surgery, Cincinnati, Ohio
165. June 1995 St. Luke's Medical Center, Department of Surgery, Cleveland, Ohio
166. April 1995 Tulane University Medical Center, Department of Surgery, New Orleans, Louisiana
167. March 1995 University of Virginia, Department of Surgery, Charlottesville, Virginia
168. May 1994 Henry Ford Hospital, Department of Surgery, Detroit, Michigan
169. February 1994 Saint Louis University, Department of Surgery, St. Louis, Missouri
170. January 1994 Naval Medical Center, Department of Surgery, Portsmouth, Virginia
171. December 1993 State University of New York Health Science Center at Brooklyn, Department of Emergency Medicine Brooklyn, New York
172. June 1993 University of South Carolina School of Medicine, Department of Surgery, Columbia, South Carolina
173. November 1992 University of Tennessee Medical Center at Knoxville, Dept. of Surgery, Knoxville, Tennessee
174. May 1992 Morehouse School of Medicine, Department of Surgery, Atlanta, Georgia
175. January 1992 University of California-Davis, Department of Surgery, Oakland and Sacramento, California
176. October 1991 Maryland Institute for Emergency Medical Services, University of Maryland Baltimore, Maryland
177. July 1991 Temple University, Department of Surgery, Philadelphia, Pennsylvania
178. May 1991 Fairfax Hospital, Department of Surgery, Fairfax, Virginia
179. March 1991 Atlanta Society of Emergency Medicine Physicians, Emory University, Atlanta, Georgia
180. January 1991 Medical College of Virginia, Department of Surgery, Richmond, Virginia
181. July 1989 Roanoke Memorial Hospital (Affiliate of University of Virginia School of Medicine, Department of Surgery), Roanoke, Virginia
182. August 1988 East Carolina University School of Medicine, Department of Surgery, Greenville, North Carolina
183. June 1987 Howard University School of Medicine, Department of Surgery, Washington, DC

Publications:

Books (Editor-in-Chief or Editor)

1. *Acute Care Surgery Principles and Practice*. 1st Ed, Springer, New York, NY 2007.
2. *Atlas of Trauma and Emergency Surgical Techniques*. Elsevier, Saunders, Philadelphia.
3. *Acute Care Surgery*. Lippincott, Williams & Wilkins, Medford, NJ.

Chapters

1. Britt, LD (2013). Challenging Liver Injuries. In *Severe Liver Injury: Principles of Techniques and Management*, edited by Dr. Rao Ivatury (Accepted).
2. Britt, LD, (2012). Setting the Course and Establishing Alliances: Fellows of the American College of Surgeons with African-American Heritage. In *Remembering Milestones and Achievements in Surgery: Inspiring Quality for a Hundred Years 1913-2012*, Tampa, FL: Faircount Media Group.

3. Britt, LD., Collins, J., & Pickleman, J. (2012). Small and large bowel obstruction. In J. Fischer (Ed.), *Mastery of Surgery* (6th ed., Vol. 1). Philadelphia, PA: Lippincott, Williams & Wilkins.
4. Neal Matthew, Britt LD, Watson Gregg, Murdock Alan, Peitzman Andrew. Abdominal Trauma. *The Trauma Manual: Trauma and Acute Care Surgery* (4th Edition), Lippincott Williams & Wilkins, 2012.
5. Britt LD. (2010). Foreword. In: P. Saltzman, *Best Practices in Surgical Education: Innovations in Skills Training* (p.i-ii).
6. Britt LD. Initial trauma management-primary survey & secondary evaluation. *Encyclopedia of Intensive Care Medicine* Springer, New York, NY (in press).
7. Britt LD. Acute care surgery: the evolution of a specialty. *Surgical Hospitalist/Program Management Guide*, Marblehead, MA, 2009 Chapter 13.
8. Biuckians A, Britt LD. Interventional radiology in neck trauma. *Interventional Radiology in Trauma* Thieme, New York, NY (in press).
9. Britt LD, Blake DP. Gastrostomy & jejunostomy – percutaneous approach. *Atlas of Trauma/Emergency Surgical Techniques* (in press).
10. Blake DP, Britt LD. Bedside placement of inferior vena cava filter. *Atlas of Trauma/Emergency Surgical Techniques* (in press).
11. Blake DP, Britt LD. Incarcerated hernia repair – preperitoneal approach. *Atlas of Trauma/Emergency Surgical Techniques* (in press).
12. Britt LD, Blake DP. Gastroduodenal operations for upper gastrointestinal bleeding and perforation. *Atlas of Trauma/Emergency Surgical Techniques* (in press).
13. Britt LD, Blake DP. Liver injuries: repair techniques. *Atlas of Trauma/Emergency Surgical Techniques* (in press).
14. Britt LD, Blake DP. Cholecystectomy and common bile duct exploration. *Atlas of Trauma/Emergency Surgical Techniques* (in press).
15. Britt LD. “Communication as a Lifeline”: A Foreword. *Communication & Professionalism Competencies: A guide for Surgeons* Ed. Rowland PA, Lang NP. Canada: Cine-Med, Inc., 2007:11.
16. Britt RC, Britt LD. Management of cardiac arrhythmias. *General Surgery: Principles and International Practice*, Bland KI, Buchler MW, Csendes A, Garden OJ, Sarr MG, Wong J. Chapter 19.
17. Britt LD, Weireter LJ, Cole FJ. Management of acute neck injuries. *6th Edition Trauma*. 2008(23); 467-477.
18. Britt LD, Rushing GD. Penetrating abdominal trauma. In: Cameron, J.L. *Current Surgical Therapy-9th ed*. St Louis, MO: C.V. Mosby, 2007;964-970.
19. Weireter LJ, Britt LD. Penetrating neck injuries: Diagnosis and selective management. In: Asensio J, Trunkey D (Eds), *Current Therapy of Trauma and Surgical Critical Care*, Ch VI: 197-202, Mosby Elsevier, Philadelphia, PA, 2008.
20. Britt LD. Spleen. In: Britt LD, Trunkey DD, Feliciano DV, (Eds.), *Acute Care Surgery*, Springer, New York, pp. 513-523, 2007.

21. Asensio J, Petrone P, Britt LD. Pancreas. In: Britt LD, Trunkey DD, Feliciano DV (Eds.), *Acute Care Surgery*, Springer, New York, pp. 497-512, 2007.
22. Britt LD, Rotondo MF. A Proposed Curriculum. In: Britt LD, Trunkey DD, Feliciano DV (Eds.), *Acute Care Surgery*, Springer, New York, pp. 752-753, 2007.
23. Britt LD. Epilogue: Why does mentorship fail? *Bulletin of the American College of Surgeons* 2006; 91(7): 39
24. Rushing GD, Britt LD. Patterns of blunt injury. In: Peitzman, A.B. ed. *Trauma manual – 3rd ed.* Philadelphia, PA: Lippincott-Williams & Wilkins, 2008.
25. Britt RC, Britt LD. GI hemorrhage. *The Wiley Encyclopedia of Medical Devices and Instrumentation*, Second Edition. John G. Webster, Ed. Hoboken: John Wiley & Sons, Inc.
26. Britt LD. Penetrating neck injury. In: McIntyre, Jr., RC, Stiegmann GV, Eiseman B, eds. *Surgical decision making-5th ed.* 2004. Philadelphia, PA: WB Saunders, Co.
27. Britt LD, Cole FJ, Collins JN. The abdomen that won't close. In: Cameron JL, ed. *Current Surgical Therapy-8th ed.* Philadelphia, PA: WB Saunders, Co. 2004:981-984.
28. Britt LD. Exposure and management of a 3 cm burst laceration of the bladder. In: Jacobs LM, Gross R, Luk S., eds. *Advanced Trauma Operative Management*. Cine-Med, Inc.; 2004:251.
29. Britt LD. Interns and residents on call. In: Joseph HL, McCauley RL, Britt LD, Vivar R, Napolitano M., eds. *Pocket Handbook of Burn Care*. CN International Medical Publishing, Inc.; 2003:7-103.

Presentations:

Augustus McCravey Lecture: American Surgery and Healthcare Reform: Lingering Challenges. Presented at UT College of Medicine, Chattanooga. June 22, 2013, Chattanooga, TN.

American Surgery and Healthcare Reform: Lingering Challenges. Presented to the Harwell Wilson Surgical Society on Friday, June 14, 2013, Memphis, TN.

Keynote Address: American Surgery: The Great Challenges That Must Be Addressed. Presented at the Metropolitan Philadelphia Chapter of American College of Surgeons Annual Joint Dinner Meeting, May 20, 2013, Philadelphia, PA.

The Death of an American President and the Evolution of American Surgery. Presented at the Surgery Grand Rounds, Eastern Virginia Medical School, May 17, 2013, Norfolk, VA.

American Surgery: The Great Challenges and Possible Solutions. Presented at the Surgical Grand Rounds, Virginia Commonwealth University School of Medicine, May 16, 2013, Richmond, VA.

Keynote Presentation: Leadership in the Healthcare Environment: How should the Mounting Challenges be Addressed? Presented at the American College of Surgeons, Surgeons as Leaders Course, May 7, 2013, Chicago, IL

The 21st Century: The Renaissance Period For American Surgery. Presented at the Emory University Acute Care Surgery CME Conference, May 4, 2013, Atlanta, GA

State-of-the-Art Management of Penetrating Neck and Torso: Facts and Fiction. Presented at the 15th Annual Connecticut Trauma Conference, April 18, 2013, New Haven, CT

Presidential Address. Presented at the 133rd Annual Meeting of the American Surgical Association, April 4, 2013, Indianapolis, IN

The Acute Care Surgeon: The Next Generation General Surgeon. Presented at the Buffalo Surgical Society, March 28, 2013, Buffalo, NY

Penetrating Trauma Management: What is actually evidence-based practice? Presented at the 13th Annual Trauma Symposium, March 16, 2013, South Bend, IN.

Prothro Lecture: The Next Generation General Surgeon: The Acute Care Surgeon. Presented at Baylor University Medical Center on March 13, 2013, Dallas, TX

Keynote Address. Presented at the Medical Association of the Bahamas Conference on March 6, 2013, Nassau, Bahamas.

American Surgery and Healthcare Reform: Lingering Challenges. Presented to the Boston Surgical Society on March 4, 2013, Boston, MA.

Honor Lecture: American Surgery: The Great Challenges and Possible Solutions. Presented at the 33rd FL Raffucci Forum on February 22, 2013, San Juan, Puerto Rico.

American Surgery and Healthcare Reform: Lingering Challenges. Presented at Wexner Medical Center at the Ohio State University, January 24, 2013, Columbus, OH.

Frank L. Mitchell Lecture: Crush Injuries. Advances in Trauma Meeting, December 7, 2012, Kansas City, MO

Healthcare Reform 2012: What will be impact on optimal management of burn patients? Southern Region Bur Conference, November 16, 2012, Norfolk, VA

American Surgery and Healthcare Reform: Lingerin Challenges. Presented at the Maryland Chapter, American College of Surgeons Annual Meeting, November 10, 2012, Baltimore, MD

Crush Injuries. Presented at the Critical Concepts/Trauma Symposium, October 23, 2012, Norfolk, VA

The Crisis in Healthcare: The Impact of the Workforce Shortage in Surgery. Presented at the Eastern Virginia Medical School Department of Internal Medicine Grand Rounds, October 10, 2012, Norfolk, VA

Penetrating Trauma Management: Have We Reached A Consensus? Presented at the Annual Rocky Mountain Trauma Conference, June 27, 2012, Breckenridge, CO

Healthcare Disparities: Our Greatest Health Care Risk as a Nation. Presented at Brown University Surgical Grand Rounds, May 30, 2012, Providence, RI

Global Health Care: Challenges and Ongoing Controversies. Presented at Brown University Resident Day, May 29, 2012, Providence, RI

Penetrating Trauma Management: What is the Current State-of-the-Art? Presented at AtlantiCare 14th Annual Trauma Symposium, May 22, 2012, Atlantic City, NJ

The Acute Care Surgeon: The Next Generation General Surgeon. Presented at Cedars-Sinai Medical Center Department of Surgery Grand Rounds, May 9, 2012, Los Angeles, NY

Penetrating Trauma: What is the Current State-of-the-Art Management? Presented at the Jacobi Trauma and Emergency Medicine Symposium, May 2, 2012, Bronx, NY

Acute Care Surgery: The Next Generation General Surgeon. Presented at Columbia University Department of Surgery Grand Rounds, April 19, 2012, New York City, NY

Acute Care Surgery in the 20th Century: It Has Been the Best of Times and the Worst of Times. Presented at the Washington University Department of Surgery Grand Rounds, April 11, 2012, St. Louis, MO

Disparities in Access to Colorectal Cancer Care. Presented at the Society of Surgical Oncology Annual Meeting, March 24, 2012, Orlando, FL.

Leadership and Life Lessons Learned as the President of the American College of Surgeons. Presented at Scripps Health, March 16, 2012, San Diego, CA

What the PPACA Does for Patient Care. Presented at SAGES, March 10, 2012, San Diego, CA

The ACGME Perspective Stance on Duty Hours. Presented at SAGES, March 8, 2012, San Diego, CA

American Surgery: The Great Challenges and Possible Solutions. Presented at the Rush University medical Center, Department of Surgery Grand Rounds, February 22, 2012, Chicago, IL

The 21st Century-The Renaissance Period for American Surgery: What will be the aftermath? Presented at the University of Virginia School of Medicine, Department of Surgery Grand Rounds, February 15, 2012, Charlottesville, VA

Acute Care Surgery in the 21st Century. Presented at the Royal College of Surgeons in Ireland Charter Day, February 3, 2012, Dublin, Ireland

Ongoing Crisis in Emergency Surgical Care: Is the Acute Care Surgery Model the Answer? Presented at the American College of Surgeons, Southern California Chapter Annual Meeting, January 21, 2012, Santa Barbara, CA

Penetrating Neck Injuries: What's New? Presented at 34th Annual Advances in Trauma Annual Meeting, December 9, 2011, Kansas City, MO

Acute Care Surgery: What's New? Presented at 34th Annual Advances in Trauma Annual Meeting, December 9, 2011, Kansas City, MO

The Minimalist Approach in Trauma Management: Is it Evidence Based? Presented at Common Session American Surgical Association - Academie Nationale De Chirurgie, November 18, 2011, Nice, France

Global Surgery: Challenges and Ongoing Controversies. Presented at Common Session American Surgical Association - Academie Nationale De Chirurgie, November 16, 2011, Paris, France

Penetrating Neck and Torso Injuries: What's New? Presented at St. Joseph's Regional Medical Center, November 5, 2011, Paterson, NJ

Aspects of Medical Education. Presented at ACS CT Chapter Meeting, November 4, 2011, Waterbury, CT

Penetrating Trauma: What is Actually Evidenced-Based Practice? Presented at Detroit Trauma Symposium, November 3, 2011, Detroit, MI

Acute Care Surgery – The Evolution of a New Specialty: Ongoing Challenges. Presented at Wayne State Surgical Society, November 2, 2011, Detroit, MI

Duty Hour Restrictions for Surgical Residents: Impact on Patients, Residents, & Faculty - Perspective from the American College of Surgeons. Presented at ACS B/R Meeting & Clinical Congress, October 25, 2011, San Francisco, CA

Keynote Address at MODSIM 2011. Presented at MODSIM Conference, October 13, 2011, Virginia Beach, VA

Penetrating Trauma Management: What is the Current State-of-the-Art? Presented at the 2nd Annual Drs. M.Y. & Shaheda Ahmed Symposium, October 4, 2011, Toledo, OH

Acute Care Surgery: Ongoing Challenges. Presented at the 2nd Annual Drs. M.Y. & Shaheda Ahmed Symposium, October 4, 2011, Toledo, OH

Health Care Disparities: Our greatest health risk as a nation. Presented at the 12th Annual Biomedical Research Symposium, September 22, 2011, Tuskegee, AL

Presidential Address. AAST and the Clinical Congress of Acute Care Surgery. Presented at the 70th Annual AAST Meeting, September 14, 2011, Chicago, IL

Current Issues in the ACS. Presented at the Georgia Chapter ACS, August 27, 2011, Atlanta, GA

Trauma/Critical Care Point Counter Point. Presented at the NMA Annual Convention & Scientific Assembly, July 25, 2011, Washington, DC

Abdominal Gunshot Wounds: Be a Real Surgeon and Cut! Presented at ACS Thailand, July 14, 2011, Bangkok, Thailand

How I Do It: Challenges for Trauma Surgeons Transcervical Gunshot Wounds. Presented at ACS Thailand, July 14, 2011, Bangkok, Thailand

Advanced technology and the minimalist approach: A call for evidence based practice. Presented at WACS Dakar, Senegal, July 5, 2011, Dakar, Senegal

Honeyman-Gillespie Lecture – Healthcare Reform: the global challenges. Presented at The Royal College of Surgeons of Edinburgh, June 30, 2011, Edinburgh, Scotland

3rd Rabinovici Memorial Lectureship – Global Trends in Surgery. Presented at the 27th Biannual Conference of the Israel Surgical Association, June 29, 2011, Jerusalem, Israel

Minimalist Approach in Penetrating Trauma Management: Is this evidence-based practice?: Presented at American British Cowdray Hospital, May 19, 2011, Mexico City, Mexico

Ferguson Lectureship – The Future of Acute Care Surgery: Ongoing Challenges: Presented at Emory University Hospital, April 21, 2011, Atlanta, Georgia

Keynote Speaker – American Surgery: The Great Challenges and Dilemmas: Presented at All Surgeons Day, ACS DC Chapter Meeting, March 26, 2011, Washington DC

Waltman Walters Lectureship - American Surgery: The Growing Challenge: Presented at the Mayo Clinic Hospital, February 25, 2011, Scottsdale, Arizona

Health Care Reform and the American College of Surgeons: Presented at Exempla St. Joseph Hospital, February 15, 2011, Denver, Colorado

H. James Fox Lectureship - Surgical Training: Pros & Cons of Duty Hours Limitations: Presented at The University of Colorado Denver, February 14, 2011, Denver, Colorado

Penetrating Trauma Management-2010: What is actually evidence-based practice? Presented at University of Toledo Medical Center, January 5, 2011. Toledo, Ohio

Opening Doors: Contemporary African-American Academic Surgeons: Presented at Opening Ceremony for the History of Medicine Exhibit at Harvard Medical School, December 9, 2010. Boston, Massachusetts

Overhauling Graduate Medical Education in Surgery: Long Overdue. Presented at Massachusetts General Hospital, December 9, 2010. Boston, Massachusetts

Penetrating Trauma Management – 2010: What is actually evidence-based practice? Presented at Massachusetts General Hospital, December 9, 2010. Boston, Massachusetts

Acute Care Surgery: Is there documentation of improved outcomes (e.g. biliary disease)? Presented at Vezina-Couture Conference, November 5, 2010. Quebec, Canada

The Future of Acute Care Surgery: Ongoing Challenges. Presented at Vezina-Couture Conference, November 5, 2010. Quebec, Canada

Healthcare Reform: The role of the American College of Surgeons. Presented at the Oklahoma City Chapter of the ACS Annual Meeting, October 15, 2010. Oklahoma City, OK

American Medicine: Addressing Challenges. Presented at UC Davis 8th National Pre-Medical and Pre-Public Health Conference, October 10, 2010. Davis, CA

Healthcare reform a year later. Presented at the Business of Surgery Meeting, October 7, 2010. Washington, DC

Acute Care Surgery. Presented at Alleghany General Hospital Visiting Professorship, September 10, 2010, Pittsburgh, PA

Penetrating Trauma Management 2010: What is evidence-based practice? Presented at Ryder Trauma Center-Jackson Memorial Center, September 2, 2010, Miami, FL

Priorities in America: call for a true healthcare reform. Presented at the National Medical Association-Sinkler Memorial Lecture, August 4, 2010, Orlando, FL

Acute Care Surgery. Presented at the SC/NC Chapters of the ACS South Carolina Vascular Surgical Society 2010 Joint Chapter Meeting July 11, 2010, Myrtle Beach, SC

Reoperative neck surgery. Presented at the SC/NC Chapters of the ACS South Carolina Vascular Surgical Society 2010 Joint Chapter Meeting July 11, 2010, Myrtle Beach, SC

Penetrating trauma – 2010: Is the minimalist approach evidence based? Presented at Greenville Hospital System University Medical Center, June 18, 2010, Greenville, SC

Ongoing controversies in trauma management and surgical critical care. Presented at Albany Medical Center, May 27, 2010, Albany, NY

Ongoing controversies in trauma management and surgical critical care. Presented at the Thomas Heiling Memorial Medical Center, May 14, 2010, Johnstown, PA

Graduate medical education in surgery: a call for a major overhaul. Presented at the Thomas Heiling Memorial Medical Center, May 14, 2010, Johnstown, PA

History of the American College of Surgeons. Presented at the Robert Wilson Medical history Club, May 6, 2010 Charlestown, SC

Ongoing controversies in trauma management and surgical critical care. Presented at the Atlanta Medical Center Symposium, April 24, 2010, Atlanta, GA

Sub-specialties and policy. Presented at the University of Tennessee, Hamilton Eye Institute, April 7, 2010, Memphis, TN

American Medicine: the challenges and dilemmas. Presented at the Alpha Omega Alpha Visiting Professorship at the University of Tennessee, April 7, 2010, Memphis, TN

Penetrating Trauma – 2010: Is the “minimalist” approach evidence based? Presented at the Michael DeBakey Visiting Professorship, University of Texas Medical Center, March 30, 2010, Houston, TX

Graduate Medical Education in Surgery: A call for a major overhaul. Presented at Ben Taub Hospital, March, 30, 2010, Houston, TX

Ongoing controversies in trauma management and surgical critical care. Presented at the Distinguished Professor Lecture, March 29, 2010, San Antonio, TX

Penetrating Trauma 2010 – Is the “minimalist” approach evidence based? Presented at the Mayo Visiting Professorship at Northwestern University, March 25, 2010, Chicago, IL

Communication: The essential core competency. Presented at the Bridge Day at the State University of New York Upstate Medical Center, March 17, 2010, Syracuse, NY

American Medicine: the great challenges and dilemmas. Presented at the Alpha Omega Alpha Visiting Professorship at the State University of New York Upstate Medical Center, March 17, 2010, Syracuse, NY

Penetrating Trauma Management-2010: Ongoing controversies. Presented at the Champs-Lyons Visiting Professorship, University of Alabama, March 13, 2010, Birmingham, AL

Health Care Reform: A surgeon's perspective. Presented at Case-Western Reserve University, March 3, 2010, Cleveland, OH

Surgical Critical Care: A discipline at the crossroads. Presented at Case-Western Reserve University, March 3, 2010, Cleveland, OH

Opening remarks for the American College of Surgeons. Presented at the Southeastern Surgical Congress, February 20, 2010, Savannah, GA

Reoperative Thyroid Surgery. Presented at the Southeastern Surgical Congress, February 20, 2010, Savannah, GA

Penetrating Trauma Management – 2010: Ongoing controversies. Presented at the Hunter-Sweaney Visiting Professorship, University of North Carolina, February 10, 2010, Chapel Hill, NC

Presidential Address Southern Surgical Association Impact on healthcare reform. Presented at the Eastern Association for the Surgery of Trauma, January 21, 2010, Phoenix, AZ.

Presidential Address The Mississippi River and the Southern Surgical Association: Regional in name only (the impact of the SSA on the advancement of trauma management). Presented the Southern Surgical Association, December 7, 2009, Hot Springs, VA

The Physician and Surgeon shortage. Presented at the Conference on Healthcare and Patient Advocacy, November 13, 2009, Lexington, KY.

The Future of Trauma Care. Presented at the Grant Medical Center Trauma Conference, November 10, 2009, Columbus, OH

The Profession. Presented at the ACS Clinical Congress, October 13, 2009, Chicago, IL

No, It Doesn't. Presented at the ACS Clinical Congress, October 13, 2009, Chicago, IL

Surgical Critical Care: A discipline at the crossroads. Presented at the University of Arizona, September 23, 2009. Tucson, AZ

American Medicine: The greatest challenges and dilemmas. Presented at David Skinner Memorial Lecture, September 2, 2009, Chicago, IL

Acute care surgery: The evolution of a new specialty. Presented at the Association of South Africa Conference, August 8, 2009, Cape Town, South Africa

Leadership in a crisis state. Presented at the American College of Surgeons: Surgeons as Leaders Course, July 1, 2009, Chicago, IL

The impact of acute care surgery on the community surgeon. Presented at the American College of Surgeons Florida Chapter, May 23, 2009, Palm Coast, Florida

Penetrating trauma management: State-of-the-art management. Presented at the Francis D. Moore Visiting Professorship, Brigham and Women's Hospital May 17, 2009

Ongoing controversies in trauma management and surgical critical care. Presented at the Sam Gross Visiting Professorship, May 15, 2009 Louisville, KY

The surgeon as the leader of healthcare reform. Presented at Washington Hospital Center: The business of surgery, May, 9, 2009, Arlington, Virginia

Graduate medical education at the crossroads. Presented at the David Seegal Alpha Omega Alpha Visiting Professorship, Columbia University, January 29, 2009, New York, New York

Graduate medical education: What are the real problems and solutions? Presented at the American College of Surgeons Louisiana Chapter, January 17, 2009, New Orleans, Louisiana

Acute care surgery in the 21st century: It has been the best of times and the worst of times. Presented at the Folkert O. Belzer Visiting Professorship, University of Wisconsin, January 7, 2009, Madison, Wisconsin

Surgical critical care: A discipline at the crossroads. Presented at Tulane University, December 17, 2008, New Orleans, Louisiana

Ischemia - reperfusion injury: Have we made progress? Presented at Advances in Trauma, December 12, 2008, Kansas City, Missouri

Penetrating cervical injury: state of the art. Presented at Advances in Trauma, December 12, 2008, Kansas City, Missouri

The transformation of trauma surgery. Presented at Harvard Trauma & Critical Care Symposium, November 11, 2008, Boston, Massachusetts

Catheter decompression for abdominal compartment syndrome. Presented at Harvard Trauma & Critical Care Symposium, November 10, 2008, Boston, Massachusetts

The role of United States surgical residency training programs in mitigating surgical disparities. Presented at the Disparities in Surgical Care: Access to Outcomes, October 27, 2008, Boston, Massachusetts

The 21st century: The renaissance period for American surgery. Presented at the 94th ACS Clinical Congress, October 15, 2008, San Francisco, California

Perspective from the United States. Presented at the 94th ACS Clinical Congress, October 15, 2008, San Francisco, California

Acute care surgeons: Great benefit to patients – what are they worth? Presented at the 94th ACS Clinical Congress, October 15, 2008, San Francisco, California

Clinical aspects of surgical emergencies in the elderly. Presented at the 94th ACS Clinical Congress, October 15, 2008, San Francisco, California

Getting it right the first time: Interviews, negotiations, oral boards. Presented at the 94th ACS Clinical Congress, October 14, 2008, San Francisco, California

Educational responses to address the surgical workforce shortage. Presented at the 94th ACS Clinical Congress, October 14, 2008, San Francisco, California

American surgery: Great expectations. Presented at the 94th ACS Clinical Congress, October 13 2008, San Francisco, California

Potential decrease of resident work hours. How should we respond? Presented at the 94th ACS Clinical Congress, October 12, 2008, San Francisco, California

Leadership in the 21st century: Are the required skills different? Presented at the University of California San Francisco – East Bay, October 8, 2009, San Francisco, California

Blunting the adverse sequence of ischemia/reperfusion: Is the answer at the molecular level? Presented at the 51st annual meeting of the International Surgical Group, September 15, 2008, Dresden, Germany

21st century trauma care: A multidisciplinary approach or a call for a “super-specialist”. Presented at Methodist Hospital, September 4, 2008, Houston, Texas

The "Minimalist" approach in trauma management: Is this evidence based practice? Presented at Kansas City University Medical Center, August 1, 2008, Kansas City, Missouri

21st century trauma care: Multidisciplinary approach or a call for a “super-specialist. Presented at the University of Minnesota, June 4, 2008, Minneapolis, Minnesota

Cavitary endoscopy in trauma. Presented at the University of Minnesota, June 4, 2008, Minneapolis, Minnesota

The 21st century: The renaissance period in American surgery. Presented at the University of Massachusetts Medical School, May 29. 2008, Boston, Massachusetts

21st century trauma care: A multidisciplinary approach or a call for a “super-specialist”. Presented at Carilion Roanoke Memorial Hospital, May 16, 2008, Roanoke, Virginia

American surgery: The great challenges and dilemmas. Presented at Carilion Roanoke Memorial Hospital, May 16, 2008, Roanoke, Virginia

Surgical critical care: A discipline at the crossroads. Presented at Lehigh Valley Hospital, May 13, 2008, Allentown, Pennsylvania

Acute care surgery in the 21st century: It has been the best of times and the worst of times. Presented at Rochester, University, May 3, 2008, Rochester, New York

Penetrating trauma in children: Is it different than management in adults? Presented at the Mark Tsvok Pediatric Trauma Symposium, April 30, 2008, Hartford, Connecticut

American medicine in the 21st Century: The best of times and the worst of times. Presented at the University of Georgetown, April 22, 2008, Washington, District of Columbia

American medicine in the 21st Century: The best of times and the worst of times. Presented at the University of Maryland, April 17, 2008, Baltimore, Maryland

The labor force: Prediction for the future. Presented at the Business of Surgery – Evolving Strategies Symposium, April 12, 2008, Washington, District of Columbia

Who’s gonna take care of us old folks? Presented at the Connecticut Trauma Conference, April 4, 2008, Foxwoods, Connecticut

Southeastern Surgical Congress: Addressing the challenges that threaten our specialty. Presented as the Presidential address at the Southeastern Surgical Congress, February 10, 2008

Acute care surgery in the 21st century: It has been the best of times and the worst of times. Presented at the Cleveland Clinic, December 19, 2007, Cleveland, Ohio

Penetrating thoracoabdominal wounds: A role for laparoscopy? Presented at Advances in Trauma, December 7, 2007, Kansas City, Missouri

Surgical critical care: A discipline at the crossroads. Presented at Advances in Trauma, December 7, 2007, Kansas City, Missouri

Crush syndrome: Have we really improved outcome? Presented at the Detroit Trauma Symposium, November 8, 2007, Detroit, Michigan

Acute care surgery in the 21st century: It has been the best of times and the worst of times. Presented at the Detroit Trauma Symposium, November 9, 2007, Detroit, Michigan

Acute care surgery in the 21st century: The best of time and the worst of times. Presented at Southern Illinois University, October 13, 2007, Springfield, Illinois

Surgical critical care: A discipline at the crossroads. Presented at Southern Illinois University, October 12, 2007, Springfield, Illinois

Diversity: The cornerstone of an enriched environment. Presented at the 93rd ACS Clinical Congress, October 8, 2007, New Orleans, Louisiana

Changing the training paradigm: A perspective from the RRC for surgery. Presented at the 93rd ACS Clinical Congress, October 8, 2007, New Orleans, Louisiana

Skills training in an educational sound environment. The RRC view. Presented at the 93rd ACS Clinical Congress, October 9, 2007, New Orleans, Louisiana

Program director and American Board of Surgery-maintaining surgical excellence in response. Presented at the 93rd ACS Clinical Congress, October 10, 2007, New Orleans, Louisiana

Acute care surgery in the 21st century: It has been the best of times and the worst of times. Presented at the University of California- Los Angeles, October 3, 2007, Los Angeles, California

Penetrating abdominal trauma: What's new and proven? Presented at the American Association for the Surgery of Trauma, September 27, 2007, Las Vegas, Nevada

Surgery in the 21st century: The pivotal role of the NMA-surgical section. Presented at the 2007 National Medical Association Annual meeting, August 7, 2007, Honolulu, Hawaii

Medical education in surgery: Is it time for a Flexner Report Part II? Presented at Upstate Medical University, June 13, 2007, Syracuse, New York

Graduate medical education in America: Are we falling behind? Presented at the General Surgery Update, June 7, 2007, Hilton Head, South Carolina

Opportunistic infections in the ICU. Presented at the General Surgery Update, June 7, 2007, Hilton Head, South Carolina

Restructuring emergency surgical and trauma care: The United States experience. Presented at the General Surgery Update, June 6, 2007, Hilton Head, South Carolina

Cavitary endoscopy in trauma. Presented at the General Surgery Update, June 5, 2007, Hilton Head, South Carolina

Crush injury – saving limb and life. Presented at Point/Counterpoint, June 4, 2007, Atlantic City, New Jersey

21st century trauma care: A multidisciplinary approach or a call for a “super-specialist”? Presented at the Maryland COT Trauma Conference, May 22, 2007, Baltimore, Maryland

Future of the acute care surgeon. Presented at University Hospitals Case Medical Center, May 30, 2007, Cleveland, Ohio

Graduate medical education in surgery: Is it time for a Flexner report part II? Presented at The University of Virginia, May 12, 2007, Charlottesville Virginia

Graduate medical education 2007: A crisis or a renaissance period? Presented at Penn State College of Medicine, May 7, 2007, Hershey, Pennsylvania

Yearly program update: Eastern Virginia Medical School. Presented at the Virginia Surgical Society, May 6, 2007, Hot Springs, Virginia

Graduate medical education in surgery: Is it time for a Flexner report part II? Presented at Scott & White Hospital, April 5, 2007, Temple, Texas

American Medicine in the 21st century: The best of times and the worst of times. Presented as the 2007 Alpha Omega Alpha Visiting Professor address at Penn State College of Medicine, Eta Chapter of Pennsylvania, April 2, 2007, Hershey, Pennsylvania

Graduate medical education: Are we going the right road? Presented at the University of Miami, February 16, 2007, Miami, Florida

Accreditation council of graduate medical education: The competencies and simulation. Presented at TATRC’s 7th Annual Advanced Medical Technology Review, February 6, 2007, Long Beach, California.

Lessons learned from my experience in trauma. Presented at the Philadelphia Annual Day of Trauma as the 13th Charles Wolferth, MD, memorial lecturer, December 16, 2006, Philadelphia, Pennsylvania

Penetrating trauma management: State of the art. Presented at the 29th Annual Advances in Trauma, December 8, 2006, Kansas City, Missouri

Opportunistic infections in the ICU: The price of success. Presented at the 29th Annual Advances in Trauma, December 8, 2006, Kansas City, Missouri

The “minimalist” approach in acute care surgery: Is this evidence-based practice? Presented at the Washington Hospital Center as the 15th William J. Fouty, MD, memorial lecturer, November 21, 2006, Washington, District of Columbia

Trends in U.S. and U.K. surgical education - A case for collaboration? Presented at the 92nd ACS Clinical Congress, October 11, 2006, Chicago, Illinois

The on-call specialist crisis: A moral dilemma - Creating Acute Care Surgeons is the Solution Presented at the 92nd ACS Clinical Congress, October 10, 2006, Chicago, Illinois

The surgical voyage: A different journey. Presented at the 92nd ACS Clinical Congress, October 9, 2006, Chicago, Illinois

Effective communication: An essential competency to enhance surgical care, promote safety, and reduce liability - contemporary trends and new mandates. Presented at the 92nd ACS Clinical Congress, October 9, 2006, Chicago, Illinois

Trauma management 2006: A critical analysis. Presented at the Trauma and Critical Care Symposium, September 23, 2006, Colorado Springs, Colorado

Acute care surgery: The next generation general surgeon. Presented at the Trauma and Critical Care Symposium, September 22, 2006, Colorado Springs, Colorado

Graduate medical education: What are the new challenges? Presented at the Metropolitan Group Hospital/UIC Residency in Surgery Department of Surgery Advocate Illinois Masonic Medical Center, July 25, 2006, Chicago, Illinois

The state of graduate medical education: A renaissance period. Presented at East Tennessee State, June 15, 2006, Johnson City, Tennessee

The general competencies and graduate medical education: The USA's experience. Presented at the University of Pretoria, June 6, 2006, Pretoria, South Africa

Penetrating trauma management: What is the current state-of-the art? Presented at the University of the Witwatersrand, May 30, 2006, Johannesburg, South Africa

The "minimalist" approach to trauma management: Is this evidence-based practice? Presented at the University of the Witwatersrand, May 30, 2006, Johannesburg, South Africa

Restructuring emergency surgical and trauma care: The US experience. Presented at University of the Witwatersrand, May 29, 2006, Johannesburg, South Africa

Penetrating trauma management: What is the current state-of-the art? Presented at the 20th Biennial Congress, Surgical Emergencies & New Technologies, May/June 2006

Complex pelvic trauma. Presented at the American Urological Association Annual Meeting, May 22, 2006, Atlanta, Georgia

The American College of Surgeons principles on expert witness testimony. Presented at the 109th Triological Society's Annual Meeting, May 21, 2006, Chicago, Illinois

The "minimalist" approach in trauma management: Is this evidence-based practice? Presented at the 16th Annual Decision in Trauma sponsored by Cox Health, May 19, 2006, Springfield, Missouri

Nonoperative and selective management: What are the actual evidence-based indications? Presented at New York University School of Medicine, May 12, 2006, New York, New York

Penetrating trauma management: State-of-the-art management. Presented at Weill Medical College of Cornell University, May 8, 2006, New York, New York

ACGME resident duty work hours: Is this permanent? Presented at Allegheny General Hospital Shock Trauma Center, May 1, 2006, Pittsburgh, Pennsylvania

Acute care surgery: The evolution of a new specialty. Presented at St. Luke's Hospital, April 26, 2006, Bethlehem, Pennsylvania

Acute care surgery: The evolution of a new specialty. Presented at the University of Pennsylvania Medical Center, April 25, 2006, Philadelphia, Pennsylvania

Graduate medical education in the 21st Century: A call for a new surgical curriculum. Presented at Loyola University Medical Center, April 18, 2006, Maywood, Illinois

Nonoperative/selective manager: What are the actual evidence-based indications? Presented at Loyola University Medical Center, April 19, 2006, Maywood, Illinois

The future of trauma and surgical critical care. Presented at The Cooper Health System, January 31, 2006, Camden, New Jersey

Surgery and the new curriculum. Presented at the University of Iowa Carter College of Medicine, January 17, 2006, Iowa City, Iowa

The 21st century and the lingering disparities in health care. Presented at the University of Iowa Carter College of Medicine, January 17, 2006, Iowa City, Iowa

A renaissance period for graduate medical education: are we abandoning the Halstedian approach? Presented at Johns Hopkins, January 12, 2006, Baltimore, Maryland

Critical analysis: what have we done right, what have we done wrong? Presented at the 19th Annual Scientific Session, Eastern Association for the Surgery of Trauma, January 11, 2006, Orlando, Florida

The acute care surgeon: A new model. Presented at the 28th Annual Advances in Trauma, December 8, 2005, Kansas City, Missouri

Cavitary endoscopy in trauma. Presented at the 28th Annual Advances in Trauma, December 8, 2005, Kansas City, Missouri

Chest trauma 101 – priorities and principles. Presented at the 2nd Annual Trauma Day, November 5, 2005, San Diego, California

Abdominal vascular injuries – control and exposure. Presented at the 2nd Annual Trauma Day, November 5, 2005, San Diego, California

Why am I a trauma surgeon? Presented at the 2nd Annual Trauma Day, November 5, 2005, San Diego, California

Minimally invasive approach to injury is the wave of the future in modern trauma surgery. Presented at the 91st Annual Clinical Congress; October 20, 2005; San Francisco, California

The pipeline issues: students and residents. Presented at the 91st Annual Clinical Congress; October 19, 2005; San Francisco, California

Perineum trauma – anal/rectal injury. Presented at the 91st Annual Clinical Congress; October 19, 2005; San Francisco, California

Surgery: the next generation. Presented to the medical students at the 91st Annual Clinical Congress; October 17, 2005; San Francisco, California

Surgery: the next generation. Presented at the Warren H. Cole Society annual dinner during the 91st Annual Clinical Congress; October 17, 2005; San Francisco, California

Graduate medical education 2005: a crisis or a renaissance period? Presented as the 20th William D. Seybold, M.D. Lectureship in Surgery at the University of Texas Southwestern Medical Center; October 5, 2005; Dallas, Texas

Surgery: the cutting edge will always be research. Presented at the Oregon Health & Science University School of Medicine Department of Surgery Research Conference; October 3, 2005; Portland Oregon

The state of graduate medical education: a renaissance period. Presented as the Visiting Professor at the Oregon Health & Science University School of Medicine; October 3, 2005; Portland Oregon

Acute care surgery: the evolution of a new specialty. Presented as the Visiting Professor at the George Washington University Medical Center; June 15, 2005; Washington, District of Columbia

Graduate medical education 2005: a crisis or renaissance period? Presented as the Hitchcock Visiting Professor at the 50th anniversary Hitchcock Surgical Society annual academic meeting; June 14, 2005; Minneapolis, Minnesota

Have the priorities changed? Presented at Trauma & Critical Care – Point/Counterpoint; June 7, 2005; Atlantic City, New Jersey

The state of graduate medical education: a renaissance period. Presented as the Robert M. Zollinger lecture at the Ohio State University Health Sciences Center; May 28, 2005; Columbus, Ohio

The “minimalist” approach in trauma management: is this evidence-based practice? Presented at the University of Tennessee; May 25, 2005; Memphis, Tennessee

The changing face of trauma management: will the profession survive? Presented as the 8th Annual Ben F. Bryer Lecture at Mount Sinai; May 18, 2005; New York, New York

Penetrating trauma: state-of-the-art management. Presented as the Visiting Professor at Beth Israel; May 11, 2005; Boston, Massachusetts

The impact of the 80 hour work week on resident education. Presented as the Rankin Lecture for the West Virginia Chapter for the American College of Surgeons; May 7, 2005; Morgantown, West Virginia

What real progress have we made in critical care? Presented at the Delaware Trauma Symposium; May 6, 2005; Dover, Delaware

Surgery and critical care: a divorce that cannot occur. Presented at the 50th anniversary celebration of the Illinois Surgical Society; May 2, 2005; Macomb, Illinois

The changing face of trauma management: will the profession survive? Presented at the Day of Surgery at St. Agnes Health Care; April 8, 2005; Baltimore, Maryland

Physician staffing and training in critical care. Presented at Foxwood Trauma Symposium; April 7, 2005; Hartford, Connecticut

Effective conflict resolution skills useful to contending with residents, partners, hospital staff, OR staff and referring physicians. Presented at Foxwood Trauma Symposium; April 6, 2005; Hartford, Connecticut

The changing face of trauma management: will the profession survive? Presented at the 2005 James W. Winkler Visiting Professor; St. Joseph Mercy Hospital, April 19, 2005; Ann Arbor, Michigan

The changing face of trauma management: will the profession survive? Presented at the 33rd Annual Day of Surgery, George A. Stewart Memorial Lecture; April 8, 2005; Baltimore, Maryland

Effective conflict resolution skills useful to contending with residents, partners, hospital staff, OR Staff and referring physicians. Presented at Surgeons as Leaders: From Operating Room to Boardroom, American College of Surgeons; April 6, 2005; Chicago, Illinois

The “minimalist” approach in trauma management: is this evidence-based practice? Presented as the keynote speaker at the Seventh Falmouth Hospital Trauma Symposium; March 23, 2005; Falmouth, Massachusetts

Penetrating trauma: state-of-the-art management. Presented as the keynote speaker at the Seventh Falmouth Hospital Trauma Symposium; March 23, 2005; Falmouth, Massachusetts

Managing post traumatic pleural complications. Presented at the Trauma & Critical Care 2005 Meeting; March 22, 2005; Las Vegas, Nevada

Let there be light: blind spots exposed. Presented at the Trauma & Critical Care 2005 Meeting; March 21, 2005; Las Vegas, Nevada

Penetrating trauma: state-of-the-art-management, Presented as the Emmett B. Frazer, M.D. Memorial Lecture at the University of South Alabama, March 11, 2005, Mobile, Alabama

The changing culture of medicine: a major challenge for graduate medical education. Presented as the Emmett B. Frazer, M.D. Memorial Lecture at the University of South Alabama; March 10, 2005; Mobile, Alabama

The overhauling of graduate medical education: the time has come. Presented at Grand Rounds at Brigham and Women’s Hospital; March 9, 2005; Boston, Massachusetts

Trauma and critical care management 2005: What is evidence-based and what is not? Presented at University of Kentucky; Grand Rounds March 2, 2005; Lexington, Kentucky

Competence: the future of maintaining credentials. Presented at the Southeastern Surgical Congress; February 14, 2005; New Orleans, Louisiana

Training the surgeons of the future. Presented at Annual Meeting of the Irish Higher Surgical Training Group; February 5, 2005; Dublin, Ireland

The changing culture of medicine: a major challenge for graduate medical education. Presented at Columbia University Grand Rounds; January 27, 2005; New York, New York

The impact of the minimalist approach on trauma/critical care management. Presented at Baystate Medical Center, Grand Rounds; January 13, 2005; Springfield, Massachusetts

The changing culture of medicine: a major challenge for graduate medical education. Presented at Stanford University, Grand Rounds; January 11, 2005; Stanford, California

New ACGME requirements: providing a better environment for learning. Presented at Stanford University, Residents Lecture; January 11, 2005; Stanford, California

Who is in charge in the ICU? Surgeons, intensivists or e-intensivists? Presented at “Advances in Trauma” Conference, Faculty – Region VII, ACS Committee on Trauma; December 10 – 11, 2004; Kansas City, Missouri

Crush syndrome. Presented at “Advances in Trauma” Conference, Faculty – Region VII, ACS Committee on Trauma; December 10 – 11, 2004; Kansas City, Missouri

Graduate medical education in the 21st century: the next renaissance. Presented at University of Pittsburgh, Grand Rounds; November 10, 2004; Pittsburgh, Pennsylvania

A tale of two professions: medicine and business. Presented at the Ninth Annual Homer G Phillips Lecture, Washington University School of Medicine; October 22, 2004; St. Louis, Missouri

Interpersonal and communication skills. Presented at the American College of Surgeons Clinical Congress; October 8 – 15, 2004; New Orleans, Louisiana

Penetrating neck injuries: old and new techniques. Presented at AAST Annual Meeting; September 28 – October 4, 2004; Maui, Hawaii

The overhauling of graduate medical education: The time has come. Presented at the 55th Annual Alfred A. Strauss Lecture; The University of Washington; September 16 – 18, 2004; Seattle, WA

Crush syndrome: have we really improved outcome? Presented at the Hawaiian Islands Trauma Symposium 2004; July 10, 2004; Honolulu, Hawaii

Penetrating neck and torso injuries: what’s new? Presented at the Hawaiian Islands Trauma Symposium 2004; July 10, 2004; Honolulu, Hawaii

Trauma management and the ‘minimalist’ approach: is this the emperor without clothes? Presented at the Hawaiian Islands Trauma Symposium 2004; July 9, 2004; Honolulu Hawaii

The trauma profession: current threats. Presented as the Keynote address at the Hawaiian Islands Trauma Symposium 2004; July 9, 2004; Honolulu, Hawaii

Priorities in trauma management: is there a paradigm shift? Presented at the Hawaiian Islands Trauma Symposium 2004; July 9, 2004; Honolulu, Hawaii

Management of neck trauma. Presented at the 68th Annual Course in Surgery Advances in Trauma and Critical Care Surgery; June 17, 2004; Minneapolis, Minnesota

Evolving role of nonoperative management in penetrating trauma. Presented at the 68th Annual Course in Surgery Advances in Trauma and Critical Care Surgery; June 17, 2004; Minneapolis, Minnesota

Residency training in the USA: the ACGME outcomes project. Presented at the Royal College of Surgeons Meeting; June 9, 2004; London, England

Crush injury/crush syndrome. Presented at the Surgeons as Leaders Course; May 26, 2004; Chicago, Illinois
Contemporary trauma care – the survivor game. Presented at the 2004 Trauma and Critical Care – Point/Counterpoint XXIII meeting; May 25, 2004; Atlantic City, New Jersey

Trauma surgeon as emergency surgeon. Presented at the 2004 Trauma and Critical Care – Point/Counterpoint XXIII meeting; May 24, 2004; Atlantic City, New Jersey

The minimalist approach in trauma management: evidence-based medicine or a dangerous fad? Presented as the George Clowes Visiting Professor at the Boston University Medical Center; May 7, 2004; Boston, Massachusetts

Graduate medical education: at the crossroads. Presented at the 2004 Seventy-Second Annual Meeting of the Eastern Surgical Society; May 6, 2004; Boston, Massachusetts

Trauma career: changing perspectives. Presented at Virginia Commonwealth University Medical Center 2004 Trauma Symposium; April 27, 2004; Richmond, Virginia

The “minimalist” approach in penetrating trauma: is this evidence-based practice? Presented as the Visiting Professor at the University of Medicine and Dentistry of New Jersey, Surgical Grand Rounds; April 21, 2004; New Brunswick, New Jersey

Health care management 2004: Is surgery still on the “cutting edge”? Presented as the Kredel-Springs Visiting Professor Lecture at the Medical University of South Carolina; April 9, 2004; Charleston, South Carolina

The medical profession and life challenges. Presented as the Alpha Omega Alpha Visiting Professor at the University of Miami School of Medicine Alpha Omega Alpha Awards Banquet; April 7, 2004; Miami, Florida

Graduate medical education: threats and solutions. Presented as the Alpha Omega Alpha Visiting Professor at the University of Miami School of Medicine, Grand Rounds; April 7, 2004; Miami, Florida

Panel moderator for the Society of Black Academic Surgeons. The new chairs: new faces, new challenges; April 3, 2004; Washington, DC

Moderator for the Association of Program Director’s in Surgery Mock RRC meeting: How do we really do this?; March 31, 2004; Houston, Texas

Graduate medical education: a look into the future. Presented as the William Holden Visiting Professor at Case Western Reserve University; March 19, 2004; Cleveland, Ohio

Graduate medical education at the crossroads: what are the real threats? Presented as the Visiting Professor at New York Methodist Hospital, Grand Rounds; March 2, 2004; Brooklyn, New York

Current controversies in penetrating and blunt trauma. Presented at Memorial Regional Hospital’s Eleventh Annual Trauma Symposium; February 13, 2004; Fort Lauderdale, Florida

The evolution of a “new” surgical specialty. Presented as the Keynote address at Memorial Regional Hospital’s Eleventh Annual Trauma Symposium; February 12, 2004; Fort Lauderdale; Florida

The minimalist approach. Presented at the 2004 Southeastern Surgical Congress Annual Meeting; February 3, 2004; Atlanta, Georgia

The trauma profession: current threats. Presented as the Sherman Lecturer at the 2004 Southeastern Surgical Congress Annual Meeting; February 1, 2004; Atlanta, Georgia

Acute care surgery: the evolution of a new specialty. Presented as the Visiting Professor at the University of Miami Grand Rounds; January 8, 2004; Miami, Florida

The trauma profession: the good news. Presented at the Advances in Trauma 2003 Meeting; December 12, 2003; Kansas City, Missouri

The 80-hour work week restrictions for residents and attendings will destroy trauma care. Presented as a panelist for the debate side/no for the Advances in Trauma 2003 Meeting; December 12, 2003; Kansas City, Missouri

Graduate medical education: the next generation. Presented as the Maurice Galante Visiting Professor at the University of California, San Francisco Department of Surgery Grand Rounds; December 10, 2003; San Francisco, California

The great communicators of today. Presented as the Maurice Galante Visiting Professor; December 8, 2003; San Francisco, California

Penetrating abdominal trauma: state of the art. Presented at the LXV National Medical Congress; November 25, 2003; San Jose, Costa Rica

Education of the surgical resident in the USA. Presented at the LXV National Medical Congress; November 24, 2003; San Jose, Costa Rica

The future of surgery: will graduate medical education be a casualty? Presented at the Eighth Annual New England Regional Trauma Conference; November 20, 2003; Burlington, Massachusetts

Embracing the “new look” of trauma: no apologies. Presented as the Keynote address at the Eighth New England Regional Trauma Conference; November 20, 2003; Burlington, Massachusetts

Graduate medical education at the crossroads: threats and solutions. Presented as the Felda Hightower Lecturer at the 11th Annual Residents’ and Fellows’ Research Day; November 6, 2003; Winston-Salem, North Carolina

The nonoperative approach to penetrating trauma: is it a dangerous fad? Presented as the Keynote Speaker at the 9th Annual Huron Hospital Trauma Symposium; November 1, 2003; Cleveland, Ohio

Graduate medical education: the “new” look. Presented at the Society of Surgical Chairs meeting at the American College of surgeons Clinical Congress; October 23, 2003; Chicago, Illinois

Moderator for the American College of Surgeons Clinical Congress session for the challenges in trauma management and clinical strategies for risk reduction. Risk reduction in the ICU. October 22, 2003; Chicago, Illinois

Interpersonal and communication skills. Presented at the American College of Surgeons Clinical Congress session for the American College of Surgeons and the Core Competencies: Innovative Approaches for a New Era; October 22, 2003; Chicago, Illinois

Defining the training program: the essential components. Presented at the American Program Directors in Surgery meeting at the American College of Surgeons Clinical Congress; October 21, 2003; Chicago, Illinois

View from the surgery residency review committee. Presented at the American College of Surgeons Clinical Congress session of Changing Trends in Surgical Career Choices; October 20, 2003; Chicago, Illinois

The challenges of surgery in the 21st century. Presented at the American College of Surgeons Clinical Congress Medical Student Program; October 19, 2003; Chicago, Illinois

Graduate medical education at the crossroads: what are the real threats? Presented as the Donald Guthrie Visiting Professor at the Guthrie/Robert Packer Hospital Grand Rounds; October 2, 2003; Sayre, Pennsylvania

Embracing the “new look” of surgery. Presented as the Donald Guthrie Visiting Professor at the Surgical Continuing Medical Education Meeting; October 1, 2003; Sayre, Pennsylvania

Trauma management 2003: what are the real advances? Presented as the Visiting Professor at the Atlanta Medical Center Grand Rounds; September 24, 2003; Atlanta, Georgia

Models for the 80 hour work week – implications for trauma services. Presented at the Scientific Forum of the 62nd Annual Meeting of the American Association for the Surgery of Trauma; September 11, 2003; Minneapolis, Minnesota

The minimalist approach in penetrating trauma management: is it evidence-based or fad? Presented as the Distinguished William R. Drucker trauma lecturer at the 18th Annual Surgery for Trauma Day; August 21, 2003; Bethesda, Maryland

The profession of surgery: is it still on the cutting edge? Presented at the Tennessee State Chapter American College of Surgeons Meeting; August 10, 2003; Paris State Park, Tennessee

The state of graduate medical education. Presented as the Keynote Speaker at the 2003 EVMS Medical Alumni Reunion Scientific Seminar; August 9, 2003; Virginia Beach, Virginia

The RRC perspective. Presented at the Future of the Trauma Surgeon meeting; August 8, 2003; Chicago, Illinois

Perspectives on leadership and advocacy. Presented at the Leadership Workshop for American College of Surgeons Young Surgeon Representatives; June 22, 2003; Washington, DC

Resident work hours and trauma call. Presented at the American College of Surgeons Committee on Trauma Point/Counterpoint Scientific Meeting; June 3, 2003; Atlantic City, New Jersey

Opportunistic infections in the ICU: the price of success. Presented at the 10th Annual Trauma and Critical Care Symposium; May 13, 2003; Pasadena, California

The trauma profession: current threats. Presented as the Distinguished JL Buckingham lecturer at the 10th Annual Trauma and Critical Care Symposium; May 12, 2003; Pasadena, California

The state of graduate medical education: will the resident work hours be the straw that breaks the camel’s back? Presented as the Keynote Lecture at the Alabama Chapter of the American College of Surgeons meeting; May 10, 2003; Destin, Florida

How do I meet the 80-hour requirement? Presented at the combined spring meeting of the Association for Surgical Education and Association of Program Directors in Surgery; May 9, 2003; Vancouver, British Columbia

Minimalist approach to trauma care: the emperor’s new clothes. Presented at the 15th Annual Trauma and Critical Care Symposium; April 30, 2003; Mason, Ohio

A career in traumatology: trends and threats. Presented at the 15th Annual Trauma and Critical Care Symposium; April 30, 2003; Mason, Ohio

The growing threats to the surgery profession: how will they be addressed? Presented as the Visiting Professor at the University of Virginia Grand Rounds; April 9, 2003; Charlottesville, Virginia

New operative venues. Presented at the Trauma 2003 Conference; April 3, 2003; Fort Worth, Texas

Manpower issues. Presented at the 5th Connecticut Trauma Conference; March 27, 2003; Ledyard, Connecticut

EMTALA and HIPAA. Presented at the 5th Connecticut Trauma Conference; March 26, 2003; Ledyard, Connecticut

EMTALA and HIPAA. Presented at the Trauma and Critical Care 2003 meeting; March 26, 2003; Las Vegas, Nevada

New operative venues. Presented at the Trauma and Critical Care 2003 meeting; March 24, 2003; Las Vegas, Nevada

Septic shock and molecular research: show me the progress. Presented at University Hospital of Salt Lake City Basic Science meeting; March 12, 2003; Salt Lake City, Utah

Graduate medical education and the growing challenges: who will be the “caretaker”? Presented at University Hospital of Salt Lake City Grand Rounds; March 12, 2003; Salt Lake City, Utah

The diminishing role of operative trauma management: what are the pitfalls? Presented at the Salt Lake City Surgical Society dinner meeting; March 11, 2003; Salt Lake City, Utah

Embracing the “new look” of surgery. Presented as the Drew-Syphax Lecturer at Howard University Hospital; March 10, 2003; Washington, DC

The “new look” for trauma surgery: is there a downfall? Presented at the Hobert Trauma Symposium; March 1, 2003; Dallas, Texas

The diminishing role of operative trauma management: what are the pitfalls? Presented at Sinai Hospital of Baltimore Grand Rounds; January 23, 2003; Baltimore, Maryland

Graduate medical education at the crossroads. Presented as the William Erb Visiting Professor at the Philadelphia Academy of Surgery; January 6, 2003; Philadelphia, Pennsylvania

Great leaders at the major turning points in our society. Presented at the quarterly dinner meeting of the State Chapter of the American College of Surgeons; November 22, 2002; Indianapolis, Indiana

Trauma management and the minimalist approach: is this the emperor without clothes? Presented as the Will C. Moore Visiting Professor; November 22, 2002; Indianapolis, Indiana

The downsizing of residency training: will research and academic excellence be the casualties? Presented as the Altmeier Visiting Professor at the University of Cincinnati; November 20, 2002; Cincinnati, Ohio

Trauma management and the minimalist approach: is this the emperor without clothes? Presented as the Altmeier Visiting Professor at the University of Cincinnati; November 19, 2002; Cincinnati, Ohio

Trauma management and the minimalist approach: is this the emperor without clothes? Presented at Carolinas Medical Center Grand Rounds; November 15, 2002; Charlotte, North Carolina

The downsizing of residency training: will research and academic excellence be the casualties? Presented at the Charlotte Surgical Society; November 14, 2002; Charlotte, North Carolina

Graduate medical education in critical care: what are the new challenges? Presented at the Multidisciplinary Critical Care Conference; November 14, 2002; Charlotte, North Carolina

Crush syndrome: have we really improved outcome? Presented as the Visiting Trauma Professor at Jackson Memorial Hospital/Ryder Trauma Center; November 4, 2002; Miami, Florida

Priorities in trauma management: is there a paradigm shift? Presented as the Visiting Trauma Professor at Memorial Regional Hospital; November 5, 2002; Hollywood, Florida

The intensive care unit: the next generating operating room. Presented as the Visiting Trauma Professor at Shands Jacksonville; November 6, 2002; Jacksonville, Florida

Penetrating neck and torso injuries: what's new? Presented as the Visiting Trauma Professor at Sacred Heart Hospital; November 7, 2002; Pensacola, Florida

The trauma profession: current threats. Presented as the Visiting Trauma Professor at Tampa General Hospital; November 8, 2002; Tampa, Florida

Solutions to OSHA/ACGME requirements for mandated work hour. Presented at the Society of Surgical Chairs; October 10, 2002; San Francisco, California

Panelist for the American College of Surgeons Clinical Congress trauma video session; October 9, 2002; San Francisco, California

Residents and students: The now generation. Presented at the American College of Surgeons Clinical Congress; October 7, 2002; San Francisco, California

Moderator for the American College of Surgeons Clinical Congress panel for abdominal wall hernias. The hernia controversy: why can't we decide on one approach? October 7, 2002; San Francisco, California

Surgery 2002: The current state of surgical training. Presented at the American College of Surgeons Clinical Congress; October 6, 2002; San Francisco, California

The state of general surgery: a health outlook. Presented at the Chicago Surgical Society; October 4, 2002; Chicago, Illinois

The challenges of medicine and public health: have we forgotten the Hippocratic oath? Presented at the Ron Brown Scholars Program; August 12, 2002; Aspen, Colorado

The pursuit of a career in medicine: is there a winning formula? Presented at the Ron Brown Scholars Program; August 12, 2002; Aspen, Colorado

The acute abdomen. Presented at the 18th Annual Family Medicine Review Course; June 14, 2002; Virginia Beach, Virginia

The changing face of trauma management: are the risks too high for the non-operative approach? Presented as the Deryl Hart Lecturer Duke University; June 12, 2002; Durham, North Carolina

The dismantling of American Graduate Medical Education: Can it be reversed. Presented at Dayton Surgical Society meeting; May 28, 2002; Dayton, Ohio

Non-operative management of penetrating trauma: a call to action. Presented as Foundation Lecturer at the Royal Australasian College of Surgeons Annual Scientific Congress; May 11, 2002; Adelaide, South Australia

A career in trauma management: has the appeal faded? Presented at the Royal Australasian College of Surgeons Annual Scientific Congress; May 11, 2002; Adelaide, South Australia

Blunt torso trauma management 2002: Have new innovations really made a difference? Presented at the Royal Australasian College of Surgeons Annual Scientific Congress; May 11, 2002; Adelaide, South Australia

The state of terrorism. Presented at the Allegheny Trauma Symposium; May 3, 2002; Pittsburgh, Pennsylvania

The dismantling of America's Graduate Medical Education: Can it be reversed? Presented as Woodward Lecturer, University of Florida; May 1, 2002; Gainesville, Florida

What are the real advances in trauma management? Presented at Department of Surgery Grand Rounds, University of Florida; May 1, 2002; Gainesville, Florida

Trauma 2002: Have we become too aggressive in non-operative management? Presented at the 31st Annual Postgraduate Course in Surgery, the Department of Surgery, Medical University of South Carolina; April 27, 2002; Charleston, South Carolina

Management of penetrating neck injuries. Presented at the 31st Annual Postgraduate Course in Surgery, the Department of Surgery, Medical University of South Carolina; April 27, 2002; Charleston, South Carolina

Splenic salvage: Is this much ado about nothing? Presented at the Postgraduate Course 12, Clinical Problems in Trauma and Emergency Surgery, 30th Annual Spring Meeting of the American College of Surgeons; April 17, 2002; San Diego, California

Penetrating zone II cervical injuries: What now? Presented at the Postgraduate Course 12, Clinical Problems in Trauma and Emergency Surgery, 30th Annual Spring Meeting of the American College of Surgeons; April 17, 2002; San Diego, California

Graduate medical education in surgery: what are the real threats? Presented at the Society of University Surgeons Annual meeting; February 15, 2002; Honolulu, Hawaii

Priorities in the management of profound shock. Presented at 24th Annual Advances in Trauma; November 30, 2001; Kansas City, Missouri

"Alternative" surgery in trauma management. Presented at 24th Annual Advances in Trauma; November 30, 2001; Kansas City, Missouri

Changing times: Is education one of the casualties? Presented at the Georgia Surgical Society Annual meeting; November 15, 2001; Sea Island, Georgia

Challenges for surgery 2001. Presented at the Georgia Surgical Society Annual meeting; November 15, 2001; Sea Island, Georgia

Trauma 2001: Have we become too aggressive with non-operative management? Presented at the Georgia Surgical Society Annual meeting; November 15, 2001; Sea Island, Georgia

Protecting core values. Presented as National Medical Association's Living Legend; October 21, 2001; Lafayette, Louisiana

Achievement and challenges. Presented as National Medical Association's Living Legend; October 22, 2001; Lafayette, Louisiana

Selective non-operative management of penetrating trauma: standard of care or institution dependent? Presented as Richardson Professor, Massachusetts General Hospital; October 18, 2001; Boston, Massachusetts

How to interview for your surgical residency. Presented at the American College of Surgeons, Clinical Congress; October 8, 2001; New Orleans, Louisiana

New solutions to new problems. Presented at the National Medical Association's Annual Meeting; August 5, 2001; Nashville, Tennessee

Trauma 2001: an update. Presented at the Seaboard Medical Association's Annual Meeting; June 23, 2001; Nags Head, North Carolina

Next generation medical education. Presented at the Seaboard Medical Association's Annual Meeting; June 23, 2001; Nags Head, North Carolina

Great debates in trauma and critical care: have there been any resolutions? Presented as the Harvey Cushing Lecturer; June 4, 2001; Manhasset, New York

Fast fluids: fact or fallacy? Presented at the American College of Surgeons Committee on Trauma Point/Counterpoint Scientific Meeting; May 22, 2001; Atlantic City, New Jersey

Threats to graduate medical education: who are the real barbarians at the gate? Presented as Presidential Address at Society of Black Academic Surgeons 11th Annual Meeting; April 7, 2001; Boston, Massachusetts

How many surgeons are enough? How do we meet manpower projections? Presented at Association of Program Directors in Surgery; March 30, 2001; Nashville, Tennessee

Trauma patients as organ tissue donors. Presented at Trauma & Critical Care 2001; March 20, 2001; Las Vegas, Nevada

Intraabdominal injury. Presented at Trauma & Critical Care 2001; March 20, 2001; Las Vegas, Nevada

Patient volume per surgeon as predictor of survival/faculty presence and outcomes. Presented at Trauma & Critical Care 2001; March 20, 2001; Las Vegas, Nevada

ICU management tricks. Interactive breakout presented at Trauma & Critical Care 2001; March 19, 2001; Las Vegas, Nevada

Changing times: is education one of the casualties? Lecture presented as the 20th Annual Laurence Zollicoffer Lecturer, University of North Carolina; February 16, 2001; Chapel Hill, North Carolina

Keynote Speaker for Dr. Martin Luther King Jr. A Day of Celebration Presented at Duke University; January 16, 2001; Durham, North Carolina

When to keep and when to refer the pediatric trauma patient. Lecture presented at the American College of Surgeons Committee on Trauma 23rd Annual Advances in Trauma Meeting; Kansas City, Missouri; December 8, 2000

Cervical spine clearance. Lecture presented at the American College of Surgeons Committee on Trauma 23rd Annual Advances in Trauma Meeting; December 8, 2000, Kansas City, Missouri

Challenges for surgery 2000. Lecture presented at the Region II Resident Trauma Papers Competition; December 7, 2000, Kansas City, Missouri;

The medical educator: An endangered species. Lecture presented at the University of Maryland School of Medicine Surgical Education Retreat; November 18, 2000; Baltimore, Maryland

Creative closures. Lecture presented at the American College of Surgeons Clinical Congress; October 25, 2000; Chicago, Illinois

How to interview for your surgical residency. Lecture presented at the American College of Surgeons, Clinical Congress; October 24, 2000; Chicago, Illinois

Priorities in the management of complex neck and torso injuries: has advanced technology made a difference? Lecture presented at the Trauma Fest 2000; September 22, 2000; Syracuse, New York

The new trauma era: should our priorities and management change? Lecture presented at the Distinguished William H. Sinkler, M.D. Lecture, National Medical Association; August 16; 2000; Washington, DC

Moderator for the Johns Hopkins' working conference on multi-institutional trial on antibiotic duration for penetrating abdominal trauma; May 26, 2000; Baltimore, Maryland

Trauma 2000 – is it time to go back to the basics? Presented at Dr. Charles Wolfert invited lectureship at the American College of Surgeons Committee on Trauma Point/Counterpoint Scientific Meeting; May 22, 2000; Atlantic City; New Jersey

The pursuit of a surgical career: a “front door” problem. Presidential address presented at Society of Black Academic Surgeons 10th Annual Scientific Session; April 27-29, 2000; Los Angeles, California

Priorities in the management of complex torso injuries: has advanced technology made a difference? Presented at Connecticut Trauma Conference, April 13-14, 2000; Ledyard, Connecticut

“Fourth generation” surgical education: should there be radical changes? Presented at the Hale-McMillan Lecture at Meharry-Vanderbilt Medical College; March 31, 2000; Nashville, Tennessee

A career in surgery: is the appeal fading? Presented at: Martin Luther King, Jr. Annual Grand Rounds, Georgetown University Medical Center; January 19, 2000; Washington, DC

Penetrating neck and torso trauma: is there evidence-based data to support non-operative management? Presented at Stony Brook University and Medical Center; December 18, 1999; Stony Brook, New York

Priorities in the management of profound shock. Presented at Advances in Trauma, American College of Surgeons Committee on Trauma; December 10, 1999; Kansas City, Missouri

DVT in trauma patients: DX and prophylaxis. Presented at Advances in Trauma, American College of Surgeons Committee on Trauma; December 10, 1999; Kansas City, Missouri

A career in surgery: is the appeal fading? Presented at Distinguished Sinkler Lecturer Award, National Medical Association 1999 Annual Convention; August 10-12, 1999; Las Vegas, Nevada

Changes in trauma/critical care for the next millennium. Presented at Old Dominion Medical Society 94th Annual Scientific Session; June 17-20, 1999; Virginia Beach, Virginia

Advanced surgical gastrointestinal/biliary problems: an update. Presented at Internal Medicine Grand Rounds, Eastern Virginia Medical School; June 9, 1999; Norfolk, Virginia

Antibiotic irrigation - does it work? Presented at Trauma and Critical Care 99 – Point/Counterpoint XVIII; May 23-26, 1999; Atlantic City, New Jersey

Trauma: interactive case management. Presented for the Postgraduate Course 6 at the American College of Surgeons' Annual Spring Meeting; April 27, 1999; New York, New York

Evolving issues in penetrating neck and torso trauma management: will Y2K begin the era of nonoperative management? Presented at Connecticut Trauma Conference; April 21-22, 1999; Norwich, Connecticut

Does trauma center designation improve trauma care? Presented at Centra Health; February 4-5, 1999; Lynchburg, Virginia

Trauma/critical care management for the new millennium. Presented at Centra Health; February 4-5, 1999; Lynchburg, Virginia

Trauma/critical care management: have we made any progress? Presented at St. Vincent's Hospital and Medical Center; February 10, 1999; New York, New York

Trauma/critical care management-paradigms: are all the changes beneficial? Presented at Philippine Centennial International Trauma Forum; November 13-15, 1998; Makati City, Metro Manila

New diagnostic modalities in trauma management: pros and cons. Presented at Philippine Centennial International Trauma Forum; November 13-15, 1998; Makati City, Metro Manila

Traumatology in America: over two decades of excellence: Presented at Edward Mason Distinguished Lecture, Howard University College of Medicine; November 9, 1998; Washington, DC

Trauma, infection, non-cardiac ICU issues, anesthesia, nonvascular-related wounds. Presented at the SESAP No. 10 Preview Session I at 1998 Clinical Congress of American College of Surgeons; October 26, 1998; Orlando, Florida

Trauma Update '98: new trends in initial management of trauma patients. Presented at the Virginia College of Emergency Physicians Symposium; July 28, 1998; Virginia Beach, Virginia

Blunt trauma: the new and the old: diagnostic modalities in the management of blunt trauma. Presented at Via Christi Regional Medical Center; June 12, 1998; Wichita, Kansas

Penetrating trauma: changing management paradigms in penetrating trauma: have we become too conservative? Presented at Via Christi Regional Medical Center; June 11, 1998; Wichita, Kansas

Antibiotic usage in the ICU. Presented at Trauma and Critical Care 98 - Point/Counterpoint XVII, Eastern States American College of Surgeons; June 9, 1998; Lake Buena Vista, Florida

The making of the complete physician/surgeon. Presented at Morehouse School of Medicine; April 8, 1998; Atlanta, Georgia

Trauma/critical care management-paradigms: are all the changes beneficial? Presented at Ambre de Lambert Maynard Distinguished Lecture, Morehouse School of Medicine; April 8, 1998; Atlanta, Georgia

Establishing enteral feeding: suburban hospital healthcare system. Presented at Critical Issues in Trauma; March 21, 1998; Bethesda, Maryland

Penetrating trauma: evolving issues in penetrating trauma: have we become too conservative? Presented at M.I.E.M.S.S.; March 27, 1998; Baltimore, Maryland

Blunt trauma: the new and the old: diagnostic modalities in the management of blunt trauma. Presented at East Carolina University; February 11, 1998; Greenville, North Carolina

The emerging role of selective/nonoperative trauma management: have we gone too far? Presented at American College of Surgeons Postgraduate Course #5 Critical Care of the Trauma Patient: Clinical Pathways for the Practicing Surgeon; October 14, 1997; Chicago, Illinois

How to interview for a residency position. Presented at American College of Surgeons, Committee on Surgical Education; October 14, 1997; Chicago, Illinois

Successful interviewing for residency. Presented at American College of Surgeons, Committee on Surgical Education; October 14, 1997; Chicago, Illinois

Aggressive management of the injured elderly: a good investment? Presented at American College of Surgeons, Trauma and Critical Care '97 Point/Counterpoint XVI; June 9, 1997; Boston, Massachusetts

Establishing enteral feeding - stethoscope, fluoroscope, endoscope or OR? Presented at American College of Surgeons, Trauma and Critical Care '97 Point/Counterpoint XVI; June 9, 1997; Boston, Massachusetts

Selective and nonoperative management in the trauma setting: have we gone too far? Presented at St. Louis University; May 21, 1997; St. Louis, Missouri

High voltage electrical injuries as the pro-topical septic model: are we really making progress on the cellular level? Presented at St. Louis University; May 21, 1997; St. Louis Missouri

Violence and trauma: today's civil war. Presented at The A. Clifford Barger-Hinton distinguished lecture, Harvard Medical School; May 15, 1997; Boston, Massachusetts

Evolving management in penetrating trauma: have we gone too far with the nonoperative approach? Presented at The 38th Annual Clinical Congress, American Society of Abdominal Surgeons; April 26, 1997; Atlantic City, New Jersey

Ongoing controversies in blunt trauma and critical care. Presented at the 38th Annual Clinical Congress, American Society of Abdominal Surgeons; April 26, 1997; Atlantic City, New Jersey

Nonoperative and selective trauma management. Presented at Grand Rounds at Brooklyn Hospital Center; March 28, 1997; Brooklyn, New York

Controversies in trauma: have we become too selective or nonoperative? Presented at The Sixth Annual Will C. Sealy Trauma Symposium, Good Samaritan Hospital; November 6-7, 1996; Macon, Georgia

The evolving and controversial management in penetrating trauma. Presented at Grand Rounds at Good Samaritan Hospital, Medical Center of Central Georgia; October 29-30, 1996; Cincinnati, Ohio

Empyema following blunt trauma: an unrecognized cause of respiratory failure. Presented at The 82nd Annual Clinical Congress, American College of Surgeons; October 6-10, 1996; San Francisco, California

Trauma and organ procurement. Presented at the Committee on Trauma Clinical Congress; October 6-10, 1996; San Francisco, California

Tracheostomy: early vs. delayed open or percutaneous? Presented at American Association of the Surgery of Trauma; September 8-20, 1996; Houston, Texas

Surgery for abdominal trauma: physiology and surgery of the spleen. Presented at the National Center for Advanced Medical Education, Specialty Review in General Surgery, Part I. Principles of Trauma; August 16-18, 1996; Chicago, Illinois

Non-operative trauma management: has the pendulum swung too far? Presented at the National Medical Association 101st Annual Convention and Scientific Assembly; July 27-August 18, 1996; Chicago, Illinois

The changing principles of trauma. Presented at the 38th Clinical Congress of the American Society of Abdominal Surgeons; April 21, 1996; New Orleans, Louisiana

The abdominal trauma: conventional management vs. nouveau traumatology. Presented at the 38th Clinical Congress of the American Society of Abdominal Surgeons; April 21, 1996; New Orleans, Louisiana

The spleen: pivotal organ. Presented at the 38th Clinical Congress of the American Society of Abdominal Surgeons; April 21, 1996; New Orleans, Louisiana

The managed care scene and academic surgery. Presented at the Society of Black Academic Surgeons; March 31-April 2, 1996; Denver, Colorado

Principles of trauma: specialty in review. Presented at the National Center for Advanced Medical Education; January 19, 1996; Chicago, Illinois

Abdominal trauma: postsplenectomy complications review of ATLS/trauma management. Presented at Specialty in Review in Surgical Critical Care; October 5-9, 1995; Chicago Illinois

The emergence of penetrating abdominal trauma in Toronto recent experience and comparison to Chicago. Invited discussant at the American Association for the Surgery of Trauma; September 27, 1995, Halifax, Nova Scotia

Trauma team organization - issues in service and education. Presented at the National Medical Association; July 31-August 2, 1995; Atlanta, Georgia

Ongoing controversies in trauma and critical care, Presented at Grand Rounds, St. Luke's Hospital; June 9-10, 1995; Cleveland, Ohio

Ongoing controversies in trauma and critical care. Presented at Grand Rounds, Tulane University Medical Center; May 6-8, 1995; New Orleans, Louisiana

Pancreatitis in the ICU setting. Presented at The fourth Critical Care Symposium: The management of critical illness-therapeutic and technologic advances; April 27-29, 1995; Orlando, Florida

Colon and rectal injuries. Presented at Trauma symposium, American College of Surgeons New York Chapter; March 28-29, 1995; East Elmhurst, New York

Surgery for abdominal trauma. Presented at Principles of trauma specialty review in general surgery, Part II, National Center for Advanced Medical Education; January 30, 1995; Chicago, Illinois

Incidence and risk factors for early small bowel obstruction after celiotomy for penetrating abdominal trauma. Presented at the Eastern Association of the Surgery of Trauma; January 10-14, 1995; Fort Myers, Florida

Interactive computer trauma case studies. Presented at the Mass General Hospital; December 8-9, 1994; Boston, Massachusetts

Management of blunt splenic trauma: CT vascular blush predicts failure of nonoperative management. Invited discussant: the American Association for the Surgery of Trauma; September 29 - October 1, 1994; San Diego, California

Principles of trauma. Surgery for abdominal trauma. Presented at the Specialty Review in General Surgery - Part II; September 17-23, 1994; Chicago, Illinois

Principles of trauma. Surgery for abdominal trauma. Presented at the Specialty Review in General Surgery - Part I; August 15-25, 1994; Chicago, Illinois

Controversies in critical care. Presented at the 50th Anniversary Medical Education Lecture Series; July 13, 1994; Bethesda, Maryland

Mechanism of injury and controversies of trauma. Presented at the 5th Annual Trauma Symposium; June 3, 1994; Fort Wayne, Indiana

Curtailing rising ICU costs: the intensivist as the medical executive. Also presented: Hollow viscus injuries. Presented at Trauma and Critical Care Point/Counterpoint XIII; May 9-11, 1994; Philadelphia, Pennsylvania

Management of the acute neck trauma patient. Presented at the otolaryngology interdisciplinary panel discussion at the 79th Annual Clinical Congress, American College of Surgeons; October 14, 1993; San Francisco, California

Abdominal trauma: an ongoing controversy. Presented at the 10th Annual Trauma Symposium; September 17, 1993; Norfolk, Virginia

Nutrition, transfusion, pain, multidisciplinary approach. Televised conference entitled "Trauma: Beyond the Golden Hour", sponsored by the American Association for Critical-Care Nurses; October 14, 1993; San Francisco, California

Burns. Presented at the National Medical Association Trauma Symposium; August 10, 1993; San Antonio, Texas
Current therapies in septic shock. Presented at the 9th Annual Trauma Symposium; September 12, 1992; Norfolk, Virginia

Management of the hemodynamically labile patients with severe pelvic fractures. Presented at the National Medical Association's Surgical Session; August 4, 1992; San Francisco, California

Cancer overview. Presented at the Annual Meeting of the Old Dominion Medical Society; June 26, 1992, Norfolk, Virginia

Trauma & violence: today's civil war. Presented at FBI conference; May 19, 1992; Norfolk, Virginia

Burn management in the trauma patient. Presented at Hampton Roads Trauma Symposium; April 3, 1992; Hampton, Virginia

The distinct interface between the clinical and basic sciences. Presented at Old Dominion University; April 2, 1992; Norfolk, Virginia

Chemical paralysis. Presented at the 77th Annual Clinical Congress, American College of Surgeons; October 24, 1991; Chicago, Illinois

Biological basis of current surgical and critical care disease entities. Presented at Old Dominion University; October 17, 1991; Norfolk, Virginia

Chemical paralysis: use and abuse. Presented at Trauma and Critical Care 1991 - Point/Counterpoint X (Sponsored by the Eastern States Committees on Trauma of the American College of Surgeons); June 2, 1991; Atlantic City, New Jersey

Multiple organ system failure: where are we now? Presented at the International College of Surgeons Annual Meeting; March 22, 1991; Williamsburg, Virginia

Gram-negative sepsis in the burn patient. Presented at Management of Sepsis Patient Symposium; March 1, 1991; Orlando, Florida

Gunshot trauma. Presented at Emergency Medical Services Symposium; November 3, 1990; Richmond, Virginia
Trauma financial situation: an update statewide commission for healthcare in Virginia; October 23, 1990; Norfolk, Virginia

Update on current trauma management of infection in trauma patients. Presented at Trauma Grand Rounds at the Southern Maryland Hospital; September 25, 1990; Clinton, Maryland

Therapy of GI ulceration in the hospitalized patient. Presented at Richmond Medical Society Surgical Updates Meeting; August 18, 1990; Richmond, Virginia

The crushed pelvis: is it still a lethal injury? Presented at the National Medical Association's Surgical Session Trauma Symposium; August 1, 1990; Las Vegas, Nevada

Penetrating cervical injuries. Presented at Emergency services satellite training program aired on state and national broadcast; June 20, 1990; Richmond, Virginia

The effect of reduced glutathione on human keratinocyte proliferation in vitro. Abstract presented at the American Burn Association 22nd Annual Meeting; March 19, 1990; Las Vegas, Nevada

Motor vehicle crash trauma. Presented at health and highway safety workshop seminar; October 27, 1989; Richmond, Virginia

The role of dynamic computerized tomography in traumatic aortic ruptures. Presented at Annual Meeting of the National Medical Association; July, 1989

Renal dysfunction in the critically ill patient. Presented at Annual Meeting of the Old Dominion Medical Society; June, 1989, Norfolk, Virginia

Prophylactic treatment of stress ulceration in the critical care patient. Presented at Annual Meeting of the Old Dominion Medical Society; 1988, Norfolk, Virginia

Acute trauma to the pharyngoesophageal region. Presented at Clinical Congress of the American College of Surgeons; October 23-28, 1988; Chicago, Illinois

Controversies in torso trauma. Presented at Annual Meeting of the National Medical Association; August, 1988
The prognostic significance of early lung compliance loss in the burn patient. Presented at the First Scientific Assembly for the Eastern Association for the Surgery of Trauma; January, 1988

Emergency tracheal intubation in the blunt injured patient. Presented at the First Scientific Assembly for the Eastern Association for the Surgery of Trauma; January, 1988

Acute burn management: the Norfolk solution. Presented at International Symposium on Extremity and Burns; November, 1987; San Francisco, California

An analysis of the Norfolk trauma system. Presented at the National Conference on Injury Scoring and Triage; October, 1987

Necrotizing soft tissue infections of the torso and thigh. Presented at the biennial meeting of the University of Maryland Surgical Society; May, 1986

Transplantation of allograft islet cells after total lymphoid irradiation and infusion of allogenic bone marrow cells. Presented at the annual meeting of the National Medical Association; August, 1983

The formation of pseudo-islets from neonatal pig pancreas. Presented at the 66th Annual Clinical Congress of the American College of Surgeons; October 19-24, 1980; Atlanta, Georgia

Neonatal pig pseudo-islets: a product of selective aggregation. Presented at the annual meeting of the National Medical Association; August, 1980

7/11/13
